### SPECIAL ORDER—2:00 P. M.

Hearing of Protests Against the Proposed Change or Modification of Grades on Portions of Los Palmos Drive, Stanford Heights Avenue and Melrose Avenue.

File No. 973-58.

J. Pfotenhauer, Attorney at Law, representing the protesting property owners, explained they protested on the grounds that the change of grades had already been accomplished and because of such work the Board of Supervisors had no jurisdiction in the matter and were not in a position to order the change of grade.

In response to suggestion by Supervisor Ferdon, Mr. Whaley, representative of the Department of Public Works, explained the methods by which grades could be established or changed and modified, and that proceedings were instituted pursuant to the Change of Grade Act of 1909. Mr. Whaley also stated that the permit which had been granted the subdivider was a permit for the grading of the private property and did not apply to the street area.

Mr. Pfotenhauer presented pictures which he alleged showed damage to the properties as the result of raising the grade some 15 to 22 feet.

The Chair stated that inasmuch as there were several legal points to be considered he believed the matter should be postponed until the City Attorney could submit a legal opinion on whether or not the Board has jurisdiction in the matter; and if so, what were its rights and powers.

Mr. E. A. Schulhauser, Engineer for the Standard Building Company, explained that his company not only had a permit for the grading of private property but also for the grading of the street to grades as shown on the tentative subdivision map.

In response to an inquiry of Supervisor Ferdon, Mr. Schulhauser stated that the work had been started in October before the Board had enacted the Resolution of Intention.

Mr. Whaley, responding to question of Supervisor Ferdon, advised that it was not the general procedure for the construction company to start work before the enactment of the Resolution of Intention, and permits for the grading of the street area were generally issued only after the official grade had been changed or modified.

Supervisor Ferdon stated that he believed the facts should be clarified and the matter continued for a period within which the legal questions could be answered. He thereupon requested that the Department of Public Works submit a complete breakdown of the facts, including whether or not a permit was issued, if so for what purpose, date grading operations were started, and what work had been done; also the Standard Building Company should submit its views on the subject.

Supervisor Ferdon, seconded by Supervisor Halley, moved that consideration be continued for a period of three weeks.

The Chair directed that the City Attorney be requested to study the issues raised and report as to the legal consequences involved and advise the Board as to the limit of its powers in the premises.

Motion *carried* by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, Ferdon, Halley, McCarty, Sullivan, Zirpoli—8.

Absent: Supervisors Dobbs, McMahon, Rolph—3.

#### Consideration Continued.

The following from Streets Committee was taken up:

**Changing or Modifying the Official Grades on Portions of Los Palmos Drive, Stanford Heights Avenue and Melrose Avenue.**

File No. 1070-58-2, Resolution No. . . . .

Supervisor Sullivan, seconded by Supervisor Zirpoli, moved adoption.

### Explanation of Parliamentary Procedure.

The Chair explained the parliamentary procedure as follows: "An 'aye' vote will disapprove the decision of the City Planning Commission and permit the rezoning; a 'no' vote will approve the decision of the City Planning Commission and refuse to permit the rezoning; eight 'aye' votes are necessary to disapprove the decision of the City Planning Commission."

*Refused adoption* by the following vote:

Aye: Supervisor Ertola—1.

Noes: Supervisors Blake, Casey, Dobbs, Ferdon, Halley, McCarty, McMahon, Rolph, Sullivan, Zirpoli—10.

**Taken Up Out of Order.**

*Passed for Second Reading* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McCarty, McMahon, Rolph, Sullivan, Zirpoli—11.

**Taken Up Out of Order.**

**Consideration Temporarily Postponed.**

There being no objection, the following recommendation of Streets Committee was taken up out of order:

**Declaring Opposition to the Construction of All Freeways Contained in the Master Plan, Including the Western Freeway, the Junipero Serra Freeway, the Park-Presidio Freeway, the Golden Gate Freeway, the Crosstown Freeway, the Central Freeway from Turk Street to Its Connection With the Golden Gate Freeway, and the Mission Freeway From Thirteenth Street to Its Connection With the Southern Freeway and Excepting the Hunter's Point Freeway, the Southern Freeway (Orizaba Avenue to the County Line), and the Embarcadero Freeway.**

File No. 14414-4, Resolution No. . . . .

Supervisor Blake explained the action taken by the Streets Committee and stated that during the hearing it was pointed out that 97 organizations were on record as being opposed to the construction of additional freeways in San Francisco. Supervisor Blake presented a petition containing between 8,500 and 10,000 signatures of residents in the vicinity of the Central Freeway opposing the construction of the proposed freeway.

Supervisor McMahon remarked that it was her opinion that no action should be taken on the approval of any freeway until after a complete hearing had been held by the Board.

Supervisor Halley stated that emphasis if being placed upon the completion of The Embarcadero Freeway, Hunter's Point Expressway and Southern Freeway, and such program would delay the starting date of the Western Freeway beyond the estimated 10 year period; also, the enactment of the legislation would not prohibit the construction of future freeways in San Francisco, it would permit consideration of plans for special needs.

Supervisor Halley, seconded by Supervisor Blake, moved that the legislation be amended by amending the Resolved portion thereof

by inserting after the words "including the proposed Western Freeway," the following: "along the present or any alternate route excepting perimeter route consideration."

Supervisor Ferdon remarked that it was his opinion that the resolution was too broad, and while he believed the designated freeways should be deleted from the Master Plan he was also of the opinion that the City should not preclude the Board from considering any specific freeway plan that might be presented by the State in the future.

Supervisor Ferdon suggested that the resolution be amended so as to delete from the Master Plan the designated freeways and leave the future problem of routes through or in the City and County with this legislative body to be thoroughly discussed at the specific time; delete all of the specified freeways and inform the State that if they have programs for the future that they bring them to us for consideration and hearing.

The Chair inquired of the City Attorney as to whether or not the resolution, with the amendment as proposed by Supervisor Halley, would accomplish the aims of Supervisor Ferdon.

Mr. Blanchard, Deputy City Attorney, explained the resolution as presently drafted declares as the official policy of the City and County that the Board is opposed to the construction of all freeways contained in the Master Plan and it delineates those freeways. It is beyond the power of the Board to delete anything in the Master Plan, that is within the province of the City Planning Commission. The resolution merely expresses opposition to those freeways which are delineated in the Master Plan.

Supervisor Dobbs remarked that he believed the amendment as proposed by Supervisor Halley would put a cloud on any property either along the Beach or on Junipero Serra Boulevard, and he was of the opinion that the amendment should be withdrawn and not added to the resolution.

Supervisor Halley requested permission to withdraw his motion.

No objection and request *granted*.

The Chair suggested that the matter be temporarily postponed so the City Attorney could prepare a motion to incorporate the suggestions of Supervisor Ferdon.

Supervisor Halley, seconded by Supervisor Ferdon, moved temporary postponement.

Motion *carried* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McCarty, McMahon, Rolph, Sullivan, Zirpoli—11.

*Supervisor Rolph now presiding.*

### Consideration Continued.

The following called from Police Committee by Supervisor Halley, heretofore considered, was taken up:

Designating Gilman Avenue Between Third and Fitch Streets a "Restricted Traffic Street" Pending Completion of the Bay View Park Stadium.

File No. 691-58, Resolution No. . . . .

Reuben Owens, Director of Public Works, advised the Board that while Fitch Street and Carroll Avenue could be used for trucks, in approximately three weeks the final paving will be completed and the roadways will be open.

Supervisor Casey stated that although he was not opposed to using Fitch Street and Carroll Avenue as alternate routes it is not possible at the present time to reach the stadium site over these routes.

Supervisor Halley, seconded by Supervisor Ferdon, moved adoption.

Supervisor McCarty remarked that while he would vote to make Gilman Avenue a restricted traffic street, it was not prudent to do so at the present time because of the condition of Fitch Street and Carroll Avenue and would work a hardship on the stadium contractor.

Supervisor Ferdon explained that it was his opinion the interests of the residents should be considered, and until evidence could be produced to show that the legislation should not be enacted he was going to vote in favor of the matter.

Supervisor Halley, seconded by Supervisor Ferdon, moved that consideration be temporarily postponed to permit the Director of Public Works to submit information as to the completion date of the projects on Carroll Avenue and Fitch Streets.

Supervisor Casey, seconded by Supervisor Ertola, moved as a substitute that consideration be continued for a period of two weeks.

The Chair inquired if there was anybody in attendance who desired to speak on the matter. There was no response.

Supervisor Blake, seconded by Supervisor Sullivan, moved that the assessment be confirmed.

No objection and motion *carried*.

**Consideration Continued.****SPECIAL ORDER—2:00 P. M.****Hearing of Protests Against the Proposed Change or Modification of Grades on Portions of Los Palmos Drive, Stanford Heights Avenue and Melrose Avenue.**

File No. 973-58.

The Clerk presented a communication from the Director of Public Works, advising that in his opinion the proposed grades were in the public interest and the best that could be devised, and recommended that the Board approve the change or modification of grades.

In response to inquiry, Mr. Thomas Blanchard, Deputy City Attorney, advised that the Board had jurisdiction to hear the matter, and the mere fact that part of the grading work had already been performed did not present a jurisdictional matter. The Board could sustain the protest or overrule the protest and enact the ordinance changing the grade.

Mr. Jay Pfothenhauer, Attorney at Law, representing the appellants, stated that his clients had sustained damages to the property because the grading operations raised the street level to such an extent that the property was now 22 feet below the proposed grade. Mr. Pfothenhauer presented pictures purporting to show the alleged damage that had been suffered by his clients.

Mr. Alfred Graziani, Attorney at Law, representing the Standard Building Company, presented exhibits showing the amount of the cut that would have to be made for the best possible street grade and further explained that it was the intention of the developer to have the excess dirt dumped on the properties of the complainants so their property would be brought up to grade, and thus mitigate any damage that might be incurred.

Mr. Pfothenhauer, in response to inquiry by the Chair, stated that his clients would be happy to discuss the proposal with the developers to see what could be worked out.

Supervisor Halley, seconded by Supervisor Blake, moved that consideration be continued for a period of two weeks.

No objection and motion *carried*.

**Consideration Continued.**

The following, from Streets Committee, heretofore considered, was taken up:

**Changing or Modifying the Official Grades on Portions of Los Palmos Drive, Stanford Heights Avenue and Melrose Avenue.**

File No. 973-58-2, Ordinance No. . . .

Supervisor Halley, seconded by Supervisor Blake, moved that consideration be continued for a period of two weeks.

No objection and motion *carried*.

## UNFINISHED BUSINESS.

## Passage for Second Reading.

The following recommendations of Finance Committee, heretofore considered, were taken up:

**Appropriating \$1,525, Recreation and Park, Commissary, for Position of Watchman at Storyland.**

File No. 63-59-1, Ordinance No. . . . .

Mr. Bart Rolph, Superintendent of Parks, explained that the position was necessary to protect the Storyland area and prevent damage being done to the property. Considerable damage had been done to the property because there was no watchman on duty between the hours of 12 midnight and 8 a. m.

Supervisor Ferdon stated that he did not believe that merely placing a watchman at Storyland would stop the vandalism, and he did not believe the vandalism would continue after Storyland was fully constructed. Since he was of the opinion that this matter could be more efficiently handled by the Police Department he was going to vote against the legislation.

Mr. George Harman, representing the Recreation and Park Department, explained that final plans and specifications had been prepared and approved by both the Recreation and Park Commission and the Housing Authority, and at the present time the matter was before the City Attorney for the preparation of a resolution approving such plans and specifications. The resolution would have to be approved by the Housing Authority, Recreation and Park Commission and the Board of Supervisors. It is expected that the Recreation and Park

Commission will have the resolution before it at its meeting of February 26th.

Mr. Gerald O'Gara, representing the Housing Authority, substantiated the statements of Mr. Harman and explained that the approval of the resolution was necessary so all parties would be in accord as to the work that was to be done in the premises.

Mr. O'Gara remarked that after the resolution had been approved by all parties, notice of bids would be advertised once a week for three weeks, after which the contract would be let, and it was the estimate of the Housing Authority that the work will be completed within five months from time of commencement.

**Passage for Second Reading, as Amended.**

The Board resumed consideration of the following, from Finance Committee with recommendation "Do Pass After Amendment," heretofore considered and temporarily postponed:

An Ordinance Fixing and Determining Schedules of Compensation to Be Paid Municipal Officers and Employees and Non-Certificated Employees of the San Francisco Unified School District, Whose Offices and Positions Are Allocated to Classifications Specified Herein and Compensations for Which Are Subject to the Provisions of Section

**151 and Section 151.1 of the Charter, Establishing Work Schedules and Conditions of Employment, and Method of Payment for Various Work Schedules; Providing That the Said Schedules of Compensation Shall Be Effective Beginning July 1, 1959.**

File No. 822-58-1, Ordinance No. . . . .

Supervisor McMahon, seconded by Supervisor Ferdon, moved, as a recommendation of the Finance Committee, and as a substitute for the amendments proposed by the Board of Supervisors on February 24, 1959, to the schedule of compensations submitted by the Civil Service Commission on February 6, 1959, and revised by the Commission on March 5, 1959, that the compensations set forth in the Finance Committee recommendations be approved and adopted; that the schedule of compensations amended be included in File No. 822-58, the Salary Standardization Ordinance of 1959 pursuant to Charter Sections 151 and 151.1; and that the amendments to the administrative provisions of said Ordinance, recommended by the Finance Committee and hereinafter more specifically set forth, be approved, adopted and included in said Ordinance.

**Statement by Supervisor McMahon Relative to Salary Standardization Ordinance.**

Your Finance Committee presents to you today its recommendations in connection with File No. 822-58, the Salary Standardization Ordinance of 1959 for Miscellaneous Employees pursuant to Sections 151 and 151.1 of the Charter.

**Administrative Provisions:** The Civil Service Commission has considered and decided upon numerous and varied requests for amendments to the administrative provisions of the Salary Standardization Ordinance, affecting working conditions of the employees involved. The Commission received such requests from a considerable number of sources, including the Bay District Joint Council of Building Service Employees, San Francisco City and County Employees Union Local 400, San Francisco Public Library Staff Association, and the International Union of Operating Engineers Local 39.

Culminating its considerations, the Commission has forwarded to the Board of Supervisors the administrative provisions as recommended by the Commission. A copy is before each Board member. Deletions, additions and revisions are indicated thereon.

The Finance Committee applied intensive study to these administrative provisions, and devoted one entire session to a public hearing concerning them, giving careful attention to representations made by interested individuals and representatives of organizations. As a result, the Committee recommends that the Board approve and adopt the following additional amendments to the administrative provisions of the Salary Standardization Ordinance now before you:

(1) Delete, on page 3, subparagraph (b), 5th line, the words, "*except the C152 Watchman who shall be paid 4%.*" This amendment will have the effect of retaining the 6¼ per cent differential now in effect.

(2) Delete, on page 3, subparagraph (c), 6th line, the words, "*except the C152 Watchman who shall be paid 4%.*" This amendment will have the effect of retaining the 6¼ per cent differential now in effect.

(3) On page 7, first paragraph, rephrase the entire text to read: Provided further, that when an appointee occupying a permanent position who is receiving therein a salary above the entrance salary, desires to accept a nonpromotive appointment, the appointee shall enter the new position at that salary fixed for such class (including seniority increments) in the schedules of compensation which is immediately in excess of the salary which the employee received immediately prior to his appointment to such position.

It is the unanimous recommendation of your Finance Committee that such proposed amendments to the administrative provisions of the Salary Standardization Ordinance be adopted, and therefore they are included in the comprehensive motion for amendment with which I opened these remarks.

**Schedule of Compensations:** The Finance Committee presents to the Board a unanimous recommendation that the amendments to the schedule of compensations, as reported to you by the Committee, be approved and adopted. The members of the Committee have made their recommendations with a full awareness of the needs of the service, the services rendered by the employees, the requirement for maintenance of equitable relationships, and the requirements of Charter sections 151 and 151.1.

The miscellaneous employees of the City and County of San Francisco, those covered by the Salary Standardization Ordinance before you today, number 9,210, divided into 711 classifications.

I quote a table showing, generally and approximately but as accurately as possible, the increases provided for miscellaneous employees in 1958 and those which this year are recommended by the Civil Service Commission and/or the Finance Committee:

1958—Classes and Positions Provided Increases Through Recommendations of Civil Service Commission:

Classes	Positions	Cost of Increases	Cost of Retirement and Other Benefits
667	8,940	\$2,280,616	\$456,123

1958—Classes and Positions Provided Increases by Board of Supervisors, Additional to Those Recommended by Civil Service Commission:

	Classes	Positions	Cost of Increases	Cost of Retirement and Other Benefits
Total 1958 . . . . .	15*	70*	\$ 14,820	\$ 1,852
Grand Total 1958 . . . . .	668	8,941	\$2,295,436	\$457,975

\*1 class, 1 position, not included for increase by Civil Service Commission.

1959—Classes and Positions Recommended for Increases by Civil Service Commission:

Classes	Positions	Cost of Increases	Cost of Retirement and Other Benefits
613	7,665	\$2,094,124	\$261,766

1959—Classes and Positions Recommended for Increases by Finance Committee, Additional to Those Recommended by Civil Service Commission:

	Classes	Positions	Cost of Increases	Cost of Retirement and Other Benefits
Total 1959 . . . . .	76*	1,860*	\$ 191,010	\$ 23,876
Grand Total 1959 . . . . .	649	8,740	\$2,285,134	\$285,642

\*35 classes, 1,073 positions not included for increase by Civil Service Commission.

It is to be emphasized that the total costs involved will not necessarily be reflected in the forthcoming fiscal year's budget total. Many of the employees affected have not yet, nor will they in the next succeeding fiscal year or possibly three fiscal years attain, the maxima of their respective salary ranges.

Your Finance Committee has held a considerable number of meetings, both day and evening, in order to give mature deliberation to the important matter of salary standardization. It has conducted an exhaustive study of the data submitted by the Civil Service Commis-

sion, individual employees, other interested persons, and organizations. The counsel of all members of the Board was cordially invited at any or all of those meetings, and the Committee welcomed that which was offered.

In the light of all the information adduced from the voluminous data submitted, your Finance Committee believes its recommendations to be comprehensive, and eminently fair and justifiable. My colleagues, Supervisor Ferdon and Supervisor Halley, join me in expressing the hope that you will concur in our recommendations by adopting the motion before you.

### SPECIAL ORDER—2:00 P. M.

Hearing of Appeal from the Decision of the City Planning Commission by Its Resolution No. 5004, Dated January 22, 1959, Approving Application to Rezone Portions of Blocks 2206 and 2207, Bounded by Quintara Street, Tenth, Ninth and Twelfth Avenues, from First Residential District to Second Residential District.

File No. 137-59

The Clerk presented a communication from Harold C. Brown, Attorney at Law, setting forth his reasons why the decision of the City Planning Commission should be disapproved.

*Considered with calendar item—filed.*

The privilege of the floor was granted to the following:

### Appellants:

Harold C. Brown, Attorney at Law.

Chief Albert Hayes, representing the Fire Department, in answer to inquiry by Mr. Brown, stated that the Fire Department was against the rezoning because the roadways that were proposed to be constructed would not permit fire fighting equipment to have proper access to the area.

John Barrett, Vice President of the Forest Hill Association.

Captain J. Williams, Chairman, Streets Committee, Forest Hill Association.

Dwight Deane, 2134 Ninth Avenue, an interested property owner.

James Boyd Oliver, Jr., 42 Cragmont Avenue, an interested property owner.

Douglas Klein, Past President, Central Council of Civic Clubs.

C. Misegades, 199 Quintara Street, an interested property owner.

File No. 137-59-2, Resolution No. 235-59.

Supervisor James J. Sullivan, seconded by Supervisor Halley, moved adoption.

*Explanation of Vote.*

Supervisor J. Joseph Sullivan explained it was his opinion that unless the Board disapproved the decision of the City Planning Commission it would violate the integrity of the First Residential District.

*Explanation of Parliamentary Procedure.*

The Chair explained the parliamentary procedure as follows: "An 'aye' vote will disapprove the decision of the City Planning Commission and refuse to permit the rezoning; a 'no' vote will approve the decision of the City Planning Commission and permit the rezoning; it will require 8 'aye' votes to disapprove the decision of the City Planning Commission."

*Adopted by the following vote:*

Ayes: Supervisors Casey, Dobbs, Ferdon, Halley, McMahon, Rolph, J. Joseph Sullivan, James J. Sullivan, Zirpoli—9.

Noes: Supervisors Blake, Ertola—2.

### SPECIAL ORDER—2:00 P. M.

Hearing of Appeal from the Decision of the City Planning Commission by Its Resolution No. 5008, Dated February 5, 1959, Approving Application to Rezone All of Block 2660, Bounded by Corbett Avenue, Clayton and Deming Streets, and Lots 17 and 18, Block 2654, from Second Residential District to First Residential District.

File No. 237-59

The privilege of the floor was granted to the following:

#### *Appellant:*

Jay Jackson, Attorney at Law.

#### *Appellees:*

Julian P. Brewer, Attorney at Law.

Mrs. Virginia Zimmerman, 1324 Clayton Street, an interested property owner.

Mrs. Charles B. Porter, City Planning Commissioner.

James McCarthy, Director of Planning.

Supervisor Ferdon inquired of the City Attorney as to whether or not the rezoning would be effective if the Board of Permit Appeals should authorize the issuance of the permit for the construction of an apartment house in the block.

Mr. Blanchard replied that the City Attorney was preparing a legal opinion on that particular issue, but the action of the Board would not be ineffectual as concerns other property in the block.

In response to inquiry of Supervisor J. Joseph Sullivan, the Chair stated that consideration of the appeal could be continued for a period of one week, and at that time, if a full membership was present, the matter would have to be concluded, but, if there was less than a full membership present at next week's meeting, the Board could continue it from week to week pending a full membership of the Board, but not to exceed 90 days from the date of the filing of the appeal.

Supervisor J. Joseph Sullivan, seconded by Supervisor Blake, moved that consideration of the appeal and the proposed resolution immediately following be continued for a period of one week, and they be set as a special order of business at the hour of 3:00 p. m.

Supervisor Ferdon inquired whether or not it would be possible for the City Attorney to have the opinion ready by next Monday.

Mr. Blanchard replied that he was confident that the opinion would be rendered by that time.

Supervisor James J. Sullivan stated that he was going to vote against the motion because there was a full membership present at today's meeting.

Motion to continue *carried* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Rolph, J. Joseph Sullivan, Zirpoli—10.

No: Supervisor James J. Sullivan—1.

The Chair directed the Clerk to request the City Attorney to furnish the members of the Board with copies of the opinion.

Supervisor J. Joseph Sullivan requested that a representative of the Board of Permit Appeals be invited to attend next Monday's meeting when the appeal would be under consideration.

No objection and *Clerk directed to comply.*

#### Adopted.

**Amending Salary Standardization Ordinance, Enacted Pursuant to the Provisions of Sections 151 and 151.1 of the Charter, Relating to Salary ranges for Classifications Q25 Inspector of Motor Vehicles and Q28 Range Master.**

Supervisor McMahon:

In the submission of the 1959-1960 Salary Standardization schedules to the Board of Supervisors pursuant to the provisions of Section 151 of the Charter, the Civil Service Commission departed from a formula to a fixed salary in establishing the recommended salary ranges for Classifications Q25 Inspector of Motor Vehicles and Q28 Range Master.

The fixed salaries as contained in the said schedules for these classifications are based on the 1958-1959 salary ranges for the Police Department and do not reflect increases granted the Police Department for the fiscal year 1959-1960 pursuant to the provisions of Ordinance No. 124-59.

Through error and inadvertence, clerical in nature, appropriate adjustments to correct this situation were not contained in the amendments proposed by the Board of Supervisors on February 24, 1959, nor in the recommendations of the Finance Committee acted upon by the Board on March 9, 1959.

I therefore move as a recommendation of the Finance Committee that the salary ranges for Classifications Q25 Inspector of Motor Vehicles and Q28 Range Master be corrected to read as follows:

Class No.	Civil Service Class Title	Entrance Compensation	Maximum Compensation
Q25	Inspector of Motor Vehicles .....	\$60 below minimum rate Insp. of Police	Same rate maximum as Insp. of Police
Q28	Range Master ..	\$60 below minimum rate Insp. of Police	Same rate maximum as Insp. of Police

I further move that such correction be referred to the Civil Service Commission for report pursuant to Section 151 of the Charter and that all the appropriate steps be taken to correct the Salary Standardization Ordinance accordingly, effective as of March 18, 1959.

#### **Adopted.**

The Board resumed consideration of the following recommendation of Finance Committee heretofore considered and temporarily postponed:

**Declaring Policy Relating to Proposed Agreement by the City and County With Avery Brundage and the Avery Brundage Foundation Relative to the Avery Brundage Oriental Art Collection to Be Given to the City and County for the M. H. de Young Memorial Museum.**

File No. 1144-58-1, Resolution No. 268-59.

Supervisor Blake requested that the statement of Michel Weill made before the Finance Committee be set forth in the Journal in full.

No objection and request *carried*.

#### **Statement of Michel Weill Before the Finance Committee at Its Meeting of April 1, 1959.**

Madam Chairman and Members of the Finance Committee:

The Board of Trustees of the de Young Museum is most anxious to place before you a frank, earnest and sincere memorandum of all the facts and conditions up to date concerning the Brundage Collection and the status of the negotiations carried on to this date.

As you will know, these negotiations have been carried on for several years with Mr. Brundage, who signified his desire to donate his collection of Oriental art to the de Young Memorial Museum and to San Francisco.

This collection encompasses the whole Orient, China, Japan, Indo-China, India, Thailand, Tibet, Iran, etc., and it is particularly precious when we realize that China will be closed to us for many years to come. That there is a marked trend on the part of the Oriental countries to preserve their national heritage and to prohibit the exportation of antique objects of art.

We were extremely lucky to secure, at practically no expense, the eminent services of two men, one probably the greatest scholarly and artistic authority on Oriental art in America, Mr. Lawrence Sickman, Director of the Kansas City Museum; the other, Mr. Frank Caro, successor of Mr. C. T. Loo, the world's foremost dealer in Oriental antiques, with branches in Paris, London and New York City.

We were thus able to arrive at an analysis and a first appraisal of Mr. Brundage's collection, at the same time listing and photographing the pieces to be considered, sifting the few which were not of museum standard, and obtaining a market value of the collection. I quote from a letter of Mr. Frank Caro to me, dated February 24th, "During the five days that I spent in Chicago (four days with Mr. Sickman and one day alone), we went through all the bronzes, minus the buckles and the Luristan harness ornaments, of which there must be, between the two groups, about one hundred items.

"We have already done six hundred and fifty bronzes, between: vessels, and smaller implements, the total of which amounts to over three millions, six hundred and twenty-five thousand dollars (\$3,625,000) so I figure that, with the buckles and the Luristan, it will

amount to three millions, seven hundred and fifty thousand dollars (\$3,750,000). In my estimation, the bronzes are about the third of the value of the whole collection, so we can anticipate that the collection will be worth about eleven to twelve millions.

"We are to go back again—Mr. Sickman and I—the last week of March for another session that we will spend on the *ceramics* of the the T'ang and Sung Dynasties, and the third session will be on the *porcelains* of Ming and Ching Dynasties, and the fourth will be on *jades* and we are planning to go to Santa Barbara and do the *sculptures* and then there will be a lot of miscellaneous objects and also the *Persian, Japanese* and various arts, as *Tibetan, Burmese, Nepalese* and *Indochinese* lots; so, you see, this is going to be a very large inventory and appraisal."

On the other hand, Dr. Sickman in a report dated March 24th writes:

"I have examined portions of Mr. Avery Brundage's collection of Chinese art and have come to the conclusion it is the most extensive in the Occident. I feel the quality and range of the collection would justify the strongest effort on the part of the community in order to obtain the collection and give it proper housing and presentation." And further on, "At present and for the foreseeable future it will in no way be possible to bring together a comparable collection of the archaige art of one of the world's greatest cultures." And later on, "A general survey of the jade collection gave me the impression that it is one of the top collections in America and in my opinion superior to the famous Bishop Collection in the Metropolitan Museum."

These excerpts will easily give you an idea of the magnitude, the quality, and the worth of Mr. Brundage's collection. Part of this collection is on show at the Chicago Art Institute and belongs to the Brundage Foundation. A greater part is stored in the LaSalle Hotel, which belongs to Mr. Brundage. Another part is yet in Santa Barbara in Mr. Brundage's California house. A number of pieces are stored with dealers in different countries and thirty or forty cases from Japan have already arrived in Santa Barbara to be listed this month. Two large six-foot stone Foo Dogs are on their way to the Museum from London on loan from Mr. Brundage.

A sum of \$30,000 was raised privately among the Trustees of the Museum and the members of the Society for Asian Arts to cover traveling and living expenses of Mr. Sickman and Mr. Caro for the performance of their work and for the listing and photographing of over 1800 pieces for the collection, which is the work of Mr. Merlo, who has always taken care of Mr. Brundage's collection, and Mr. Obert, a special photographer.

The total work of listing, photographing, and appraising the entire collection is, as you can well imagine, a considerable and lengthy work which will take several months and we should be deeply grateful to the two eminent gentlemen who in spite of their own work and positions have undertaken it for the de Young Museum and for San Francisco, that it may be possible to assemble here and show to the world, this fabulous collection, undisputably the greatest of all private collections of Oriental art in the world.

Mr. Brundage is adamant on several points. First, the proper artistic and practical housing of his collection, which means a reconstruction and enlargement of the East Wing of the De Young Museum which entails the selection of an architect satisfactory both to him and to the Trustees, and, the formulation of satisfactory plans. Second, the maximum tax deduction from the Federal Government based on a certain number of years and dependent on the total appraisal of the collection and on the probable life expectancy of the donor. This still has to be obtained from Washington.

On our side we must obtain from Mr. Brundage a definite com-

mitment as to the amount represented by his first installment of gift and this will be discussed and we hope decided next Monday when Mr. Brundage meets with our committee in the Mayor's office.

As you no doubt know, the preliminary negotiations were brought to a satisfactory conclusion by the Mayor when he visited Mr. Brundage in Santa Barbara accompanied by Mr. Lawrence Manna of the City Attorney's office and Mr. Gwyn Follis, Trustees of the de Young Museum and Chairman of the Board of the Standard Oil Company of California. Since then a number of meetings and luncheon meetings with and without Mr. Brundage have taken place with Mr. Ross, City Controller, Mr. Manna, Assistant City Attorney, and Trustees of the museum to examine the many objections and restrictions brought up by Mr. Brundage and his attorneys. Mr. Manna even went to Chicago and Washington to confer with Mr. Brundage's attorneys and with the Federal Treasury. We are dealing with a remarkable man who knows the enormous value of his collection, who is immensely proud of it, and who wants San Francisco to become the center of exhibit and studies of Oriental art. There is nowhere, even in the famous Freer Gallery in Washington, as complete an assemblage of top quality and beautiful specimens of every kind of art from every country in the Oriental world. Scholars from the entire Western Hemisphere and even from Europe and Asia will come to see this unique collection and study their particular specialty.

Mr. Brundage has had very tempting offers from other cities only too anxious to inherit his collection and ready to put cash on the line and we must, therefore, exert every effort and register proper gratitude to the man who selected San Francisco and the de Young Museum as the repository of his treasures.

The Finance Committee will some day be called upon to make its recommendation to the full Board of Supervisors and to suggest and approve the best way of securing the funds necessary to carry out this great and wonderful enterprise. Mr. Brundage is certainly entitled to every consideration to guarantee that his collection will be housed adequately and beautifully in the museum. He expects these negotiations to be carried on and concluded with mutual good faith and in the proper public spirit for the greater benefit of our city and our citizens. We, therefore, come before you to urge your help and your cooperation in this unique opportunity.

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Rolph, J. Joseph Sullivan, James J. Sullivan, Zirpoli—11.

### Hearing Held.

### SPECIAL ORDER—3:00 P. M.

Hearing of Appeal from the Decision of the City Planning Commission by Its Resolution No. 5008, Dated February 5, 1959, Approving Application to Rezone All of Block 2660, Bounded by Corbett Avenue, Clayton and Deming Streets, and Lots 17 and 18, Block 2654, from Second Residential District to First Residential District.

File No. 237-59.

The privilege of the floor was granted to the following:

Appellant:

Jay Jackson, Attorney at Law, representing the appellants.

Appellee:

Julian P. Brewer, Attorney at Law, representing interested property owners.

The appellee availed himself of the period for rebuttal.

**Adopted.**

**Disapproving Decision of the City Planning Commission by Its Resolution No. 5008, Dated February 5, 1959, Approving Application to Rezone All of Block 2660, Bounded by Corbett Avenue, Clayton and Deming Streets, and Lots 17 and 18, Block 2654, from Second Residential District to First Residential District.**

File No. 237-59-2, Resolution No. 275-59.

Supervisor James J. Sullivan, seconded by Supervisor Zirpoli, moved adoption.

Supervisor Zirpoli stated that he was conscious of the fact that the vast majority of the people residing in the block were in favor of the action taken by the City Planning Commission, but, nevertheless, he could not help but feel, in view of the fact that the application for rezoning was not made until after the purchase of the property and application for permit for construction of the apartment house had been made, this was rezoning without a good and sound reason, and for that reason he was going to vote to overrule the decision of the City Planning Commission.

Supervisor Ferdon remarked that his office was interested in a matter in which the appellant was concerned, and therefore requested permission to be excused from voting.

Supervisor Halley inquired if by excusing Supervisor Ferdon there would be any question as to the legality of the Board's vote on the matter.

Mr. Blanchard explained that the member must be excused from voting if he has a personal or pecuniary interest in the matter, and all other matters for excusing were discretionary with the Board; and, in the event that one member was excused from voting, it would not affect the legality of the Board's final action.

Supervisor J. Joseph Sullivan, seconded by Supervisor Halley, moved that Supervisor Ferdon be excused from voting.

No objection and motion *carried*.

In response to inquiry of Supervisor Blake, Mr. Wolff, of the City Attorney's office, remarked the opinion which had been rendered at the request of the Board of Permit Appeals provided that if the Board should approve the decision of the City Planning Commission then the appellant would be unable to construct an apartment house because the Board of Permit Appeals would lose jurisdiction over the matter; but, if the Board should disapprove the decision of the City Planning Commission then the Board of Permit Appeals would still retain jurisdiction in the matter and could grant the building permit.

**Explanation of Parliamentary Procedure.**

The Chair explained the parliamentary procedure as follows: "An 'Aye' vote will disapprove the decision of the City Planning Commission and refuse to permit the rezoning; a 'No' vote will sustain the decision of the City Planning Commission and permit the rezoning; it will require eight 'Aye' votes to disapprove the decision of the City Planning Commission."

*Adopted by the following vote:*

The following recommendation of County, State and National Affairs Committee, with Supervisor Ferdon dissenting, was presented by Supervisor Halley:

**Memorializing the State Legislature to Refer the Subject Matter of SB 576, as Amended, Relating to the Golden Gate Authority Act, to an Interim Committee for Further Study.**

File No. 212-59-1, Resolution No. . . . .

Supervisor J. Joseph Sullivan stated that he would like more time to acquaint himself with the provisions of the legislation and believed the matter should be continued for a period of one week.

Supervisor Ferdon stated that he was opposed to the resolution because in his opinion it did not go far enough; it did not state that the Board was opposed to the bill in its present form. The Supervisor continued, he was opposed to SB 576 because he believed it should include rapid transit; that the City and County of San Francisco should be entitled to membership commensurate with its investment, and the Port of Stockton should also be included.

Supervisor Ferdon, seconded by Supervisor J. Joseph Sullivan, moved that the legislation be re-referred to County, State and National Affairs Committee for its consideration with direction that it is to be before the Board of Supervisors at next Monday's meeting.

Supervisor Halley remarked that he was opposed to the motion because the Transportation Committee of the Senate has scheduled a hearing on the bill for Tuesday, April 14th, and, if there is no expression of opinion from the Board of Supervisors, it might be moved out to the floor of the Senate.

Supervisor Dobbs explained that he was opposed to the motion because he believed the worst thing the Board could do was to take any action for or against the bill, but should try to have the matter referred to an Interim Committee so that it could work out all of the problems.

Supervisor Halley stated that at a luncheon meeting with Senator McAteer, the Senator told him "to go back and oppose the bill."

**Motion carried by the following vote:**

**Ayes:** Supervisors Blake, Casey, Ferdon, McMahan, Rolph, J. Joseph Sullivan, Zirpoli—7.

**Noes:** Supervisors Dobbs, Ertola, Halley, James J. Sullivan—4.

## SPECIAL ORDER—2:00 P. M.

Public Hearing on the Proposed Budget and Proposed Annual Appropriation Ordinance for the Fiscal Year 1959-60.

File No. 100-59

The Chair explained that the hearing was being held pursuant to the provisions of the Charter to permit citizens to speak on any particular item in the proposed budget, and to present his reasons why the Board should either approve or disapprove the matter.

The following citizens addressed the Board:

Mrs. Margit Jewell, President of the Midtown Terrace Home Owners Association, Inc., urged approval of budget item for the construction of playground facilities in the Midtown Terrace Area. After her presentation Mrs. Jewell presented a communication which was referred to Finance Committee.

Arthur E. Wilkens, Chairman, San Francisco Municipal Conference, representing the San Francisco Chamber of Commerce, San Francisco Junior Chamber of Commerce, Apartment House Associations Consolidated, Inc., Building Owners and Managers Assn., California Northern Hotel Assn., Down Town Assn., and San Fran-

cisco Real Estate Board, requested the Board to effect reductions in the capital improvements and new positions as recommended by the Mayor. Mr. Wilkens, after his presentation, presented a communication which was referred to Finance Committee.

Lou Jolly, representing the Silver Terrace Improvement Club, urged approval of budget item of \$8,000 for the completion of back-stop and fencing at the Silver Terrace Playground.

Mrs. Leon Platto, representing the San Francisco Second District, California Congress of Parents and Teachers; Mrs. George Coddington, Library Chairman, Sanchez Parent Teachers Association; and Burton Pacioretti, representing the Eureka District Merchants Association and the Eureka Valley Promotion Association, spoke on behalf of the budget item for the reconstruction of the McCreery Branch Library.

Mrs. Robert Lilienthal, representing the Josephine D. Randall Junior Museum Auxiliary, urged approval of the new position of Playground Director for the Junior Museum.

Mrs. Thomas R. Best, representing the Great Highway Club, inquired if the amount of \$5,000 for survey of equestrian facilities in Golden Gate Park, deleted by the Mayor, could be restored by the Board.

The Chair informed Mrs. Best that it could not be added to the budget unless it was done so by a supplemental budget request of the department concerned, and the Mayor.

Mitchell E. Cutler, Chairman, Tax Committee, San Francisco Real Estate Board, and representing the Francisco Heights Improvement Club, urged the Board to employ strict economy in its budget considerations.

The Chair inquired if there was anybody else in attendance who desired to speak on any other budget item.

There being no response, the Chair declared the hearing concluded.

#### Presentation of Guest.

The Chair introduced Mr. Roy Wheeler, representing the West of Twin Peaks Council.

#### Communication Filed—Legislation Adopted.

The Clerk presented a communication from his Honor, the Mayor, transmitting notification of his appointment of Walter F. Kaplan to the Redevelopment Agency of the City and County of San Francisco, and requesting confirmation thereof.

*Ordered filed.*

**Approving Appointment of Walter F. Kaplan to the Redevelopment Agency of the City and County of San Francisco, Vice John L. Merrill, Resigned.**

Supervisor J. Joseph Sullivan presented:

File No. 393-59, Resolution No. 349-59.

Supervisor J. Joseph Sullivan, seconded by Supervisor Zirpoli, moved adoption.

*Adopted by the following vote:*

Ayes: Supervisors Blake, Casev, Dobbs, Ertola, Ferdon, Halley, McMahon, J. Joseph Sullivan, James J. Sullivan, Zirpoli—10.

Absent: Supervisor Rolph—1.

**Consideration Temporarily Postponed.****Taken Up Out of Order.**

There being no objection the following recommendation of County, State and National Affairs Committee, with Supervisor Ferdon dissenting, was taken up:

**Memorializing the State Division of Bay Toll Crossings to Commence Preparation of New Plans for a Southern Crossing of San Francisco Bay; and Endorsing SB 519, Relating to the Construction of a San Francisco-Oakland Rapid Transit Tube, Provided Amendments Proposed by the City and County of San Francisco Are Adopted.**

File No. 388-58-2, Resolution No. . . .

(Proposed amendments to SB 519:

(1) That the California Toll Bridge Authority or the Department of Public Works shall not be restricted to the construction of a transbay tube, but type of transit crossing shall be determined after more intensive engineering investigations by the Department and District;

(2) That no crossing of San Francisco Bay shall be constructed unless governing body of each city or city and county at the termini of such crossing approves the location of the termini and approaches of such crossing;

(3) That District's determination as to what constitutes a substantial regional rapid transit system shall not be final until unanimously approved by the boards of supervisors of counties comprising the District.)

The Clerk presented a communication from the San Francisco Bay Area Rapid Transit District, requesting approval of SB 519, and urging that no amendment be made thereto which would make the type of bay crossing vague or equivocal.

*Considered with calendar item—filed.*

Supervisor Halley explained the purport of the proposed amendments and stated that the amendment to the portion of the bill relating to the tube was not vague or uncertain but was made for the purpose of permitting construction of the type of crossing which was determined to be more feasible for the operation of the transit facilities.

Roger D. Lapham, Jr., President of the City Planning Commission and Chairman of the Mayor's Transportation Committee, remarked it was the thinking of the Mayor's Transportation Committee that the bill should not be limited to a subaqueous tube; that the terminus in San Francisco should not be specifically stated as it is in SB 519 but rather, a survey should be made to determine where the terminus must be. Mr. Lapham further stated that the Mayor's Transportation Committee agreed in principle with the resolution as recommended by the County, State and National Affairs Committee.

In response to inquiry by Supervisor Halley as to reasons for the failure of the Southern Crossing to be constructed, Mr. Ross, Controller, remarked that one of the major factors was the restrictiveness of the language in the bill, and everytime an amendment was suggested it necessitated action by the Legislature.

Supervisor Ferdon stated that surveys have been made showing that the tube type of crossing would be the most economical and profitable. The District must submit a definite program prior to 1961 and the various Boards of Supervisors must approve the program by 1960, and if a new study is requested it is very doubtful that it would be possible for the District to submit a definite program within the time specified.

Supervisor Ferdon continued that the Board should either accept or reject the bill itself so that San Francisco's legislative representatives would know what program San Francisco is supporting, and if the Board believes there should be a certain type of crossing then the bill should be amended to set forth just what type of crossing should be had.

Supervisor Ferdon, seconded by Supervisor J. Joseph Sullivan, moved that the resolution be amended by deleting the following language: "Further Resolved, That this Board of Supervisors does hereby recommend that Senate Bill 519 be amended so as not to restrict the California Toll Bridge Authority or the Department of Public Works to construction of a transbay tube, leaving the question of the best transit crossing to engineering investigation by the department and to further, more intensive engineering investigation by the District; and, be it."

Supervisor J. Joseph Sullivan stated that he felt the only solution is the tube. The Transit District has had studies made on the type of crossing and its finding was that the tube is the type of crossing that should be constructed. The Engineering staff of the Transit District has stated that when the Transit District facility is completed it will delay the construction of the Southern Crossing until 1972. The other five counties in the Bay Area have endorsed the tube, and San Francisco would profit by it.

Supervisor Zirpoli explained there was only one conclusion that could be reached and that was that the main objective of the bill was for a rapid transit tube. If the Board should restrict the activities of the District it would be quibbling. The Board should either come forward and say that we have something different to offer, or otherwise we should accept the bill because it is a concrete suggestion by the Rapid Transit District. If we acted differently we would be taking no position at all.

Supervisor Halley stated that if the Board voted for the amendment it would be changing the heretofore declared policy in connection with the construction of the Southern Crossing.

Supervisor Zirpoli, seconded by Supervisor Ferdon, moved temporary postponement to permit the Clerk to produce legislation declaring the Board's policy in connection with the Southern Crossing.

No objection and motion *carried*.

#### **Adopted as Amended.**

The Board resumed consideration of the following recommendation of County, State and National Affairs Committee, with Supervisor Ferdon dissenting, heretofore considered and temporarily postponed:

**Memorializing the State Division of Bay Toll Crossings to Commence Preparation of New Plans for a Southern Crossing of San Francisco Bay; and Endorsing SB 519, Relating to the Construction of a San Francisco-Oakland Rapid Transit Tube, Provided Amendments Proposed by the City and County of San Francisco Are Adopted.**

File No. 388-58-2, Resolution No. 350-59.

In response to inquiry by Supervisor Halley as to whether or not the approval of the proposed amendment would change San Francisco's policy in connection with the Southern Crossing, Mr. Blanchard remarked that approval of SB 519 would be at least a temporary deviation from the Southern Crossing policy because it gives the rapid transit crossing precedence over the Southern Crossing.

Supervisor Zirpoli stated that if the adoption of the proposed amendment was to be considered a deviation from the Southern Crossing policy, then the adoption of the recommendation as presented by the Committee would also be a deviation, but he did not believe there would be any deviation.

Motion to amend *adopted* by the following vote:

#### Reference to Committee.

#### Investigation Relative to Cost of Construction of Hall of Justice, and Future Expenditure of Funds for the Project.

Supervisor Dobbs stated that he had read that approximately \$2,000,000 had been saved on the proposed Hall of Justice and it was to be spent by adding additional features to the project.

Supervisor Dobbs requested that the Finance Committee scrutinize requests for expenditure of funds from the contingency fund for the construction of the Hall of Justice to determine whether or not it is necessary to make such expenditures.

Supervisor McMahon explained that she had requested the Chief Administrative Officer to submit to the Finance Committee information as to what has been appropriated, what has been expended, and plans for any additional expenditures in connection therewith.

Supervisor Ferdon requested that the Clerk request the City Attorney to submit information as to the situation procedurally in connection with additional expenditures of money from the Hall of Justice Bond Fund, and what can be done by the Board as a legislative body.

No objection and request *granted*.

Supervisor Ferdon further requested that the Finance Committee conduct an investigation as to the expenditure of funds beyond the original cost of construction of the Hall of Justice, the Director of Public Works be requested to furnish the Finance Committee with all available information, and that remedial action be taken in the matter.

Mr. Duckel, Chief Administrative Officer, explained we were able to save money on the building because when the estimates were submitted we were afraid that there would not be enough money to do the job so we eliminated certain things such as granite facing, additions to the Sheriff's jail and wainscoting on the corridors. All of these items are necessary and would save the City a considerable sum in future maintenance costs. A contract has been entered into for the granite facing and it is now being installed. A firm bid has been received from the contractor on the cost of making additions to the Sheriff's jail.

*The Chair referred the subject matter to Finance Committee.*

The following from Finance Committee with recommendation "Do Pass After Amendment," heretofore considered, was taken up:

**Annual Budget of the City and County of San Francisco for the Fiscal Year 1959-1960.**

File No. 100-59

Supervisor McMahon submitted a statement on behalf of the Finance Committee relative to the 1959-1960 budget. Copies of said statement were distributed and it was considered read.

The statement is as follows:

The Finance Committee refers to you herewith the proposed budget of the City and County of San Francisco for the fiscal year 1959-1960, as submitted by the Mayor, with the recommendation that it be adopted after amendment as proposed by the Committee. Itemized lists of Committee recommendations have been furnished you, which, together with the three volumes of the Budget, and the Supplemental Budget requests, will provide you with a comprehensive budget report.

**Budget Totals and Tax Rate:** The budget estimates submitted by the departments to the Mayor totalled \$263,114,580. That figure represented an increase of \$24,463,996 over the approved budget total for the current fiscal year, exclusive of bond funds.

The budget as submitted by the Mayor to the Board, including supplemental budget requests and increases made mandatory by salary standardization requirements of the Charter, aggregates \$255,-687,352, exclusive of bond funds.

The committee, after exhaustive scrutiny, and with a view to effecting expenditure curtailments without impairment of essential services, recommends a reduction of approximately \$4,085,000 (to be computed exactly by the Controller's staff following adoption of the budget). Thus, it appears inevitable that there will be an increase in the ad valorem tax rate, the precise amount of which cannot be ascertained at this time because of revenue and other adjustments anticipated prior to September when the tax rate will be fixed.

**General Observations:** The Committee wishes to observe at this point, with respect to the essential services mentioned above, that it has sought to find, and has found, certain substantial allocations requested for "desirable" functions of government, which we cannot agree fall into the category of "essential" expenditures. A priority

system was employed by some departments, but not by others. The priority systems used were lacking in uniformity. As a result, treatment of maintenance and repair and capital improvement items would appear at times to be inconsistent, but actually was not, having been based essentially upon urgency of need. It is to be hoped that prior to the submission of the next annual budget, a priority system will have been evolved which will establish priorities for maintenance and repair and for capital improvements on a comprehensive basis rather than by individual departments.

It should be borne in mind that many of the services budgeted are of a mandatory nature. Only the determination of non-mandatory services which the City and County government will provide is subject to review and control by this legislative body. We cite as an example of the items over which the Board has no control, the budget of \$50,912,392 for the San Francisco Unified School District, under the sole jurisdiction of the Board of Education.

Particular reference to a few of the specific items which appear in the various budget requests before you appears warranted by the widespread public interest displayed in them through the media of correspondence, press reports, or otherwise.

**Library Budget:** One of the items recommended is the request of the Library Department for \$180,000 to be used in reconstructing the McCreery Branch Library which was condemned as unsafe and which has been razed. The Committee took cognizance of the survey of all San Francisco library facilities conducted by Mr. Emerson Greenaway of Philadelphia, a recognized authority in the library field, and based upon his conclusions and the members' individual awareness of the need for replacement of the service formerly afforded by the McCreery Branch, the Committee was pleased to recommend the appropriation.

**Nalline Narcotics Tests:** Another problem of more than passing interest which confronted the Committee is that of implementing the program for administering Nalline to suspected narcotic addicts; an appropriation aggregating \$9,638 has been requested. The departments involved have been unable to advise this Board of an approximate date when the administration of Nalline can be expected to be authorized, in view of the medical and legal questions which have been raised throughout the State. Therefore, it does not appear practical at this time to levy taxes for a program which may or may not be instituted in the forthcoming fiscal year. Should the tests prove feasible, an appropriation of funds therefor may be sought through regular channels during the coming fiscal year. It should be noted that three of the additional policemen recommended in the Budget before you have been suggested by the Committee for assignment to the Narcotics Bureau.

**Police Department Personnel:** The problem of Police Department personnel is a knotty one. Practically all concerned with it are in accord that the members of the uniformed forces now performing routine office tasks should be replaced with clerical personnel in proper classifications. Such replacement would be both economical and efficient. Accordingly, 11 clerical employees have been recommended for addition to the Police Department Payroll. They will release for full-time police duties, according to the Chief of Police, approximately 15 policemen now rendering clerical services. Additionally, the Committee has recommended that 3 new positions of policeman be created. Thus, 18 additional policemen, and 2 new positions of lieutenant, would be made available for full-time police assignments, a total of 20. The Mayor had approved 20 new clerical positions and 10 new positions of policeman, which, on the basis of 20 clerks releasing 25 policemen for police duties, would have in effect created 35 additional policeman positions. However, in view of the staggering increase in the over-all budget of the City and

County, the Committee does not feel that this is the propitious time to authorize the entire requested addition to the police force. The Committee feels that the employment change proposed, desirable as it may be, cannot be authorized at this time in the manner suggested by the Department, and submits that the recommended changes will constitute a large step in the direction of replacing with proper clerical help those policemen who are assigned to clerical duties.

**Overtime:** The mounting costs of overtime payments to employees have been of serious concern to your Committee throughout the year, as well as during its budget deliberations. We feel that it is incumbent upon department heads to schedule their activities and deploy their personnel in such a manner, and within the overtime appropriations allotted them, that the need for overtime payments will be sharply reduced if not altogether eliminated. The Committee nevertheless has had due regard for inescapable overtime requirements, particularly where seven-day operation and like factors cannot be disregarded. Therefore, in many instances, departmental requests for overtime appropriations have been reduced, and it is the intention of the Finance Committee after July 1, 1959, to entertain no requests for additional overtime funds unless there is a demonstrable emergency which could not have been foreseen by the department head. The latter will be held liable for strict cognizance of his overtime account and for limitation of expenditures from it.

**San Francisco General Hospital Personnel:** The withdrawal of Stanford University personnel from San Francisco General Hospital has created a staffing problem which must be met by an appropriation greater than has been needed heretofore. The University of California Medical School is currently negotiating a contract with the City and County whereby the former will supply all needed medical care services, with the City and County, when able, furnishing incidental clerical, technical and related personnel. The cooperative arrangement is of mutual advantage and the increased appropriation eminently justified.

**Departmental Activities:** The members of the Finance Committee have been cognizant of the effective efforts made by many department heads to achieve the maximum in economy and efficiency without reducing service to the public. Of particular interest in this connection is the tremendously progressive program instituted by Chief William Murray of the Fire Department who, through conversion of equipment, consolidation of operations and advanced, streamlined planning has been able to effect huge savings and at the same time enhance the Department's outstanding reputation which places it among the very finest in the country. It is to be hoped and urged that all department heads will point the way to further economies and improvement of operations during the coming fiscal year.

**Sources of Revenue:** Economic conditions today indicate that a judicious search for new or expanded sources of local revenue is warranted. The Finance Committee has considered the matter intermittently throughout the year and particularly during the budget sessions, and it is not prepared at this time to sponsor any such expedients as have been suggested. It is extremely reluctant to add in any form to the burden already imposed on the ad valorem taxpayer, but believes that it and the Board should consider on appropriate occasions any equitable devices offered to relieve or shift the burden. During the coming fiscal year, after reports have been submitted by the Controller and the Chief Administrative Officer, further attention will be directed to more adequate compensation of the City and County for the cost of inspection and regulatory services.

**Acknowledgments:** In closing, the Finance Committee wish to commend and thank Controller Harry D. Ross for his invaluable

assistance. Our work could not have been completed, at least in the time allotted us, without his devoted attention to its details. Acknowledgment is also made of the services rendered by the staffs of the Controller, Civil Service Commission, and Clerk's office.

**Motion:** The motion already before you on the calendar is that the budget be adopted, as amended in accordance with the recommendations of the Finance Committee.

On behalf of the Finance Committee, I move that the annual budget, as submitted by the Mayor, be amended in accordance with the recommendations of the Finance Committee as set forth in the two lists presented to the Board. Motion seconded by Supervisors Ferdon and Halley.

**Motion to Amend.**

*Department of Public Works—General Office (Index No. 423)*

Supervisor Ferdon, seconded by Supervisor J. Joseph Sullivan, moved to amend the proposed Finance Committee amendments to the proposed annual budget, by deleting the Committee's recommended amendment to the item for 3 automatic elevators in the southeast shaft of the City Hall, in the Department of Public Works, appearing on page 969, line 30, so that said item will remain at Nil, as recommended by the Mayor.

Supervisor Halley stated that the explanatory remarks printed in the budget explaining the necessity for the construction of the elevators clearly sets forth the thinking of the majority of the Finance Committee, and he had been informed that if this were not a public building the existing elevators would have to be abandoned as being antiquated and unsafe.

Supervisor Ferdon explained he was opposed to the item because he did not believe it was necessary nor that it should be entitled to the priority given it by the Department of Public Works.

Supervisor Dobbs in explaining his vote stated that he did not believe it prudent to postpone necessary work on account of the size of the budget because next year the budget would be larger and it would cost more to do the same work.

*Motion carried by the following vote:*

Ayes: Supervisors Casey, Ertola, Ferdon, Rolph, J. Joseph Sullivan, James J. Sullivan, Zirpoli—7.

Noes: Supervisors Blake, Dobbs, Halley, McMahon—4.

*Recreation and Park Department—Reconstruction and Replacements (Index No. 656)*

Supervisor Blake, seconded by Supervisor James J. Sullivan, moved to amend the proposed Finance Committee amendments to the proposed annual budget, by deleting the Committee's recommended amendment to the item for Golden Gate Park Golf Course—construct 2nd course, in the Recreation and Park Department, appearing on page 1636, line 11, so that said item will remain at \$13,000, as recommended by the Mayor.

The Clerk presented a communication from the Recreation and Park Commission setting forth Resolution No. 3550, adopted by the Commission at its meeting on May 14, 1959, urging the Board of Supervisors to give consideration to approval of budgetary items relating to capital improvements for golf courses.

*Copy furnished to each member of the Board.*

Supervisor McMahon remarked the Mayor had reduced the item from \$130,000 to \$13,000 and it was the thinking of the Finance Committee that since the course could not be constructed for \$13,000 the entire amount should be deleted.

Supervisor Rolph stated that there was a distinction between a "pitch and putt" golf course and a regulation size golf course, with the shorter course being used by elderly people and persons who are too young to play on the regular course.

Supervisor Casey explained that he would vote for the motion because this was the first step in the right direction and, with the money, plans could be prepared.

*Motion carried by the following vote:*

Ayes: Supervisors Blake, Casey, Ertola, Rolph, J. Joseph Sullivan, James J. Sullivan—6.

Noes: Supervisors Dobbs, Ferdon, Halley, McMahon, Zirpoli—5.

Supervisor Blake, seconded by Supervisor James J. Sullivan, moved to amend the proposed Finance Committee amendments to the proposed annual budget, by deleting the Committee's recommended amendment to the item for Harding Park Golf Course—convert 6-hole course, in the Recreation and Park Department, appearing on page 1636, line 15, so that said item will remain at \$50,000, as recommended by the Mayor.

*Motion defeated by the following vote:*

Ayes: Supervisors Blake, Casey, Rolph, J. Joseph Sullivan, James J. Sullivan—5.

Noes: Supervisors Dobbs, Ertola, Ferdon, Halley, McMahon, Zirpoli—6.

**Motion to Amend.*****Sheriff (Index No. 173)***

Supervisor Zirpoli, seconded by Supervisor James J. Sullivan, moved to amend the proposed Finance Committee amendments to the proposed annual budget, by deleting the Committee's recommended amendment to the item for General Clerk-Stenographer in the Sheriff's Department, appearing on page 328, line 16, so that said item will remain at 1, \$4,050, as recommended by the Mayor.

Supervisor McMahon explained this was an extension of service to the people and the Finance Committee took the position that it would not extend any services but would retain what we had, and the Committee did not believe the explanation by the Sheriff pointed out such an emergency which would necessitate the creation of the position.

*Motion carried by the following vote:*

Ayes: Supervisors Blake, Casey, Rolph, J. Joseph Sullivan, James J. Sullivan, Zirpoli—6.

Noes: Supervisors Dobbs, Ertola, Ferdon, Halley, McMahon—5.

**Motion to Amend.*****Sheriff (Index No. 173)***

Supervisor Zirpoli, seconded by Supervisor James J. Sullivan, moved to amend the proposed Finance Committee amendments to the proposed annual budget, by deleting the Committee's recommended amendment to the item for Writ Server in the Sheriff's Department, appearing on page 328, line 25, so that said item will remain at 1, \$5,580, as recommended by the Mayor.

Supervisor Ferdon stated that the Sheriff has many Bailiffs under his jurisdiction who could serve the writs, and the Finance Committee made that suggestion to the Sheriff who stated he would give the matter serious consideration.

*Motion carried by the following vote:*

Ayes: Supervisors Blake, Casey, Rolph, J. Joseph Sullivan, James J. Sullivan, Zirpoli—6.

Noes: Supervisors Dobbs, Ertola, Ferdon, Halley, McMahon—5.

**Motion to Amend.*****Sheriff (Index No. 173)***

Supervisor Zirpoli, seconded by Supervisor James J. Sullivan, moved to amend the proposed Finance Committee amendments to the proposed annual budget, by deleting the Committee's recom-

mended amendment to the item for Jailer in the Sheriff's Department, appearing on page 330, line 20, so that said item will remain at 2, \$10,440, as recommended by the Mayor.

Supervisor McMahon stated that the Finance Committee felt the Sheriff's own statement admitted the condition would be improved when the jail was moved to the new Hall of Justice, and it was felt the one additional Jailer would be sufficient.

*Motion carried by the following vote:*

Ayes: Supervisors Blake, Casey, Ertola, Rolph, J. Joseph Sullivan, James J. Sullivan, Zirpoli—7.

Noes: Supervisors Dobbs, Ferdon, Halley, McMahon—4.

##### *Sheriff (Index No. 173)*

Supervisor Zirpoli, seconded by Supervisor James J. Sullivan, moved to amend the proposed Finance Committee amendments to the proposed annual budget, by deleting the Committee's recommended amendment to the item for Physician (Half Time) in the Sheriff's Department, appearing on page 330, line 24, so that said item will remain at 1, \$5,370, as recommended by the Mayor.

Supervisor Ferdon stated that if the Sheriff requested the position because of additional case load he should have asked for a full time position and not another part time position; believes that if there is need for two half time positions then a full time position should be created instead.

Supervisor Zirpoli, seconded by Supervisor James J. Sullivan, moved the privilege of the floor for Sheriff Carberry.

No objection and motion *carried*.

Sheriff Carberry explained the present work schedule of the Physician now employed, and remarked it was his belief that with the addition of another part time position adequate medical service would be available for all of the inmates.

Ayes: Supervisors Blake, Casey, Ertola, James J. Sullivan, Zirpoli—5.

Noes: Supervisors Dobbs, Ferdon, Halley, McMahon, Rolph, J. Joseph Sullivan—6.

Supervisor McMahon stated that the Finance Committee called the attention of the Sheriff to the fact that within the last fiscal year the Fire Department was able to purchase a surplus bus from the State at a price of \$300, and if he would be able to secure a bus which would suit his needs the Committee would recommend an appropriation to the Board.

*Consideration continued one week.*

Hearing Held.

**SPECIAL ORDER—2:00 P. M.**

**Public Hearing on the Approval of the Redevelopment Plan for The Embarcadero-Lower Market Approved Redevelopment Project Area E-1.**

File No. 898-58

The Clerk presented a communication from the San Francisco-Oakland Newspaper Guild, submitting a copy of a resolution of said organization, urging the construction of cooperative apartments for people in the middle income levels.

*Filed; copy given to each member of the Board.*

The Chair inquired if there was anybody in attendance who desired to speak on the subject.

Mr. Imre Temesvary remarked that while he was not opposing the plan he did believe a certain portion of the land should be reserved for the construction of cooperative apartments for people in the middle income brackets.

Mr. George Johns, Secretary, San Francisco Labor Council, announced he was in favor of the undertaking but it was the opinion of labor that some provision should be made for housing facilities for people in the middle income brackets.

In response to inquiry by Supervisor Halley as to the power of the Board to amend the plan at a future date, Mr. Morley Goldberg, Deputy City Attorney, advised the Board that it had the power to amend the plan at a later date when such amendment was recommended by the Redevelopment Agency.

In response to inquiry by Supervisor Zirpoli as to the power of the Board to include in the plan a declaration of policy that a certain amount of land would be reserved for construction of cooperative apartments, Mr. Goldberg explained that a specific designation of any portion of the area for any purpose other than general land use would constitute a change in the plan.

Mr. Ted Molton, representing the Northern California Chapter, American Institute of Architects, urged the Board to approve the plan as presented by the Redevelopment Agency.

Mr. Charles A. Christin, President of the Apartment House Association Consolidated, remarked that he objected to the financing of the project and believed more consideration should be given to the undertaking.

Mr. Loyd Hanford, representing the Chamber of Commerce, expressed his approval of the plan and urged the Board to adopt the recommendation of the Redevelopment Agency.

Mr. S. Wall Neuman, Vice President, Down Town Association, advised the Board that the Board of Directors of the Association wholeheartedly approved the project and urged the Board to give it its unqualified approval.

Mr. Lawrence Lackey, President, San Francisco Planning and Housing Association, remarked that on behalf of the Board of Directors he urged the approval of the plan by the Board.

Mr. Kirk Whitehead, representing the Citizens Participation Committee for Urban Renewal, urged approval of the plan.

The Chair inquired if there was anybody else who desired to speak on the matter. There being no response the Chair declared that the matter was now in the hands of the Board.

Supervisor Zirpoli stated that he was concerned about plans for middle income housing but it seemed the plan for development by a single developer will preclude this from happening, and he was wondering if the Redevelopment Agency could not take some steps to assure the construction of middle income housing.

Mr. Goldberg replied that the answer would have to come from Washington because the land disposition procedure is set by the Federal Government, and it is provided that all land, except for public housing, must be sold at competitive bidding.

File No. 176-59-15, Resolution No. . . . .

(Barrett Garages, Inc., 410 Stockton St. . . . .	\$125,000
Bennie Wetmore, et al., dba "New Delmonico	
Restaurant," ground floor, 330 Sutter St. . . . .	56,000
Murray Schneider, third floor, 334 Sutter St. . . . .	17,750
Frank Gordon, fifth floor, 334 Sutter St. . . . .	20,000
Dr. Raymond Gordon, fourth floor, 408 Stockton St. . . . .	4,500)

The Clerk presented a communication from the Director of Property, transmitting information as to procedure he used in arriving at fair market value of the leasehold interest of Barrett Garages, Inc.

*Ordered filed.*

The Clerk presented a communication from the Assistant Director of Property, advising that the San Francisco Uptown Parking Corporation would contribute to the cost of the acquisition of the leasehold interest of Barrett Garages, Inc.

*Ordered filed.*

Supervisor Halley explained that while the Finance Committee was reluctant to recommend the legislation it was necessary to do so in view of the fact that the financing of the project had to be completed in the near future.

Mr. Cutting, Assistant Director of Property, in response to inquiry by Supervisor Zirpoli, stated that the Barrett Garages did not submit a breakdown of the figures they used to arrive at their price, but they had added in the anticipated profit of their lease up to its termination date.

There being no objection, the privilege of the floor was granted Edward Keil, Secretary of the San Francisco Uptown Parking Corporation.

Mr. Keil stated that the Corporation was committed to pay any amount over and above that provided by the City for the acquisition of the property for the project. Mr. Keil also explained the urgency of the matter so that it would not be necessary to enter into a new bonding agreement which would cost the City additional money in interest.

Supervisor Zirpoli stated that if the Board should approve this matter it would be subjecting itself to a form of business blackmail which would involve the integrity of the officials of the City and, for that reason, he could not vote for the measure.

Supervisor Dobbs explained that while he recognized the problem of the Finance Committee in presenting the matter to the Board, he believed the Board should balance the equities involved.

Supervisor J. Joseph Sullivan, seconded by Supervisor Halley, moved that consideration be continued until the recessed meeting of May 26, 1959.

Supervisor Halley requested the Assistant Director of Property to contact the Director of Property and secure information from him as to what transpired during negotiations with Barrett Garages, and furnish the information to the Board at tomorrow's meeting.

*Motion to continue passed by the following vote:*

Ayes: Supervisors Casey, Dobbs, Ertola, Halley, J. Joseph Sullivan, Zirpoli—6.

No: Supervisor James J. Sullivan—1.

Absent: Supervisors Blake, Ferdon, McMahon, Rolph—4.

### Adopted.

Authorizing Acceptance of Quitclaim Deed from Barrett Garages, Inc., et al., and Payment of \$223,250 Therefor, to Cover Cost of Dismantling, Moving and Reinstalling Trade Fixtures, Arising Out of Purchase of Property Required for the Sutter-Stockton Public Parking Facility.

File No. 176-59-15, Resolution No. 456-59.

(Barrett Garages, Inc., 410 Stockton St. . . . .	\$125,000
Bennie Wetmore, et al., dba "New Delmonico Restaurant," ground floor, 330 Sutter St. . . . .	56,000
Murray Schneider, third floor, 334 Sutter St. . . . .	17,750
Frank Gordon, fifth floor, 334 Sutter St. . . . .	20,000
Dr. Raymond Gordon, fourth floor, 408 Stockton St. . . . .	4,500

TOTAL . . . . . \$223,250)

In response to inquiry by Supervisor Halley, Mr. Cutting, Assistant Director of Property, informed the Board he had contacted Mr. Rezos who had stated that Mr. Alioto, representing the Barrett Garages, Inc., told him his client would not sell without litigation for any amount less than \$125,000, and the stipulated price included anticipated profits for the balance of the lease.

Mr. Alioto remarked that the \$125,000 was not the highest figure his clients had requested but it was a compromise figure based partially on the anticipated profits for the unexpired term of the lease.

Supervisor Zirpoli stated that he disagreed with Mr. Alioto's interpretation of the law governing this subject because it is a well settled principle, both of Federal and State law, that anticipated profits cannot be used in determining the measure of damages.

Supervisor Zirpoli declared that he had made his own computations and offered, as a compromise, the figure of \$75,336, based thereon.

Mr. Schlessinger, Chairman of the Parking Authority, presented a written statement wherein he stated it was his opinion that the price asked by the Barrett Garages, Inc., was a fair and reasonable negotiated compromise.

*Ordered filed.*

Supervisor Zirpoli inquired of Mr. Alioto as to whether his clients would be willing to submit the matter to a board of arbitrators consisting of Professors of the Law of Property from the neighboring Law Schools. Mr. Alioto responded that he would not agree to such a proposal because it was the purpose of the court and the jury to determine such matters.

Supervisor Zirpoli thereupon explained that he understood the matter to be one of expediency which he did not believe was the right thing because it would affect all future transactions where the City would be attempting to secure leasehold interests, and, therefore, he would have to vote against the measure.

Supervisor Dobbs stated that it was a question of balancing the equities, the equity of the people of San Francisco and the difference between \$60,000 and \$125,000, and he was afraid that the garage might never be built or if it was it would cost three or four times more than the estimated price, therefore he was going to vote for the measure.

*Adopted by the following vote:*

Ayes: Supervisors Casey, Dobbs, Ertola, Haley, Rolph, J. Joseph Sullivan, James J. Sullivan—7.

No: Supervisor Zirpoli—1.

Absent: Supervisors Blake, Ferdon, McMahon—3.

#### Passage for Second Reading.

*Passed for Second Reading by the following vote:*

Ayes: Supervisors Casey, Dobbs, Ertola, Haley, Rolph, J. Joseph Sullivan, James J. Sullivan—7.

No: Supervisor Zirpoli—1.

Absent: Supervisors Blake, Ferdon, McMahon—3.

It is hereby moved that the joint agreement to provide for employment of a Consulting Engineer to prepare preliminary plans for development of Skyline Boulevard as a national parkway, heretofore executed on behalf of the Counties of San Mateo, Santa Clara and Santa Cruz, and drafted under the direction of the Board of Supervisors of the County of San Mateo, be redrafted to reflect all of the provisos contained in Resolution No. 1074-58, adopted by the Board of Supervisors of the City and County of San Francisco on December 1, 1958, and particularly those provisos reading as follows:

“That the General Manager of the San Francisco Water Department and the presidents of the respective boards of supervisors participate in the selection of the proposed route of the parkway; that it be stipulated that no real property now privately owned within the City and County of San Francisco shall be acquired or used for the purposes of said parkway; and that San Francisco be not obligated to appropriate or expend any funds additional to those mentioned herein in the absence of further express authorization therefor;”  
and that thereafter the redrafted agreement be executed by all parties thereto.

The Chair inquired if there was anybody in attendance who desired to speak on the subject.

Frank Mellor, 68 Rosenkranz Street, stated he desired to know whether or not there was any change in the assessment from what he had originally been informed it would be.

Lloyd Whaley, representing the Department of Public Works, explained that the amount which had been estimated as Mr. Mellor's assessment had not been changed.

Mrs. Josephine Lao, 44 Nevada Street, inquired as to the improvement that was to be made on Nevada Street.

Mr. Whaley stated that Nevada Street was not included in the subject project, but was now under consideration by the Department of Public Works.

The Chair inquired if there was anybody else who desired to speak. There being no response the Chair declared the hearing concluded.

Supervisor J. Joseph Sullivan, seconded by Supervisor Ertola, moved that the warrant, assessment and diagram for the improvement of Rosenkranz Street between Bernal Heights Access Road and 125 feet north, including the crossing of Rosenkranz Street and Bernal Heights Access Road, be confirmed; and the Director of Public Works be and he is hereby authorized and directed to deliver, or cause to be delivered, said warrant, assessment and diagram to the contractor.

### SPECIAL ORDER—3:00 P. M.

Hearing of All Persons Interested in the Recommendation of the Public Utilities Commission for Abandonment and Discontinuance of Service on the B Street Car Line from the East Bay Terminal to the Great Highway.

File No. 478-59

(Route to be abandoned is as follows:

On Fremont Street from the East Bay Terminal to Market Street; on Market Street from Fremont Street to Geary Street; on Geary Street and Geary Boulevard, from Market Street to Thirty-third Avenue; on Thirty-third Avenue from Geary Boulevard to Balboa Street; on Balboa Street from Thirty-third Avenue to Forty-fifth Avenue; on Forty-fifth Avenue from Balboa Street to Cabrillo Street; on Cabrillo Street from Forty-fifth Avenue to the Great Highway.

On Cabrillo Street from the Great Highway to Forty-fifth Avenue; on Forty-fifth Avenue from Cabrillo Street to Balboa Street; on Balboa Street from Forty-fifth Avenue to Thirty-third Avenue; on Thirty-third Avenue from Balboa Street to

Geary Boulevard; on Geary Boulevard and Geary Street, from Thirty-third Avenue to Market Street; on Market Street from Geary Street to First Street; on First Street from Market Street to the East Bay Terminal.)

Don Fazackerley, President, Public Utilities Commission, explained that the matter was before the Board as the result of a recent ruling by Superior Court Judge Foley in connection with the discontinuance and abandonment of the Washington-Jackson Cable Car Line, and with the improvement of Geary Boulevard the street car tracks had been removed approximately two years ago.

In response to inquiry by Supervisor Ferdon as to whether or not the matter was properly before the Board since it was a ratification, Mr. Bernard Ward, Deputy City Attorney, remarked that since the Board would have had jurisdiction in the matter had it been presented when the street cars were removed, it now had the power to ratify the action, and the matter was properly before the Board.

The Chair inquired whether or not it was correct in its interpretation of the Charter, that the Board had only one course of action—that was to disapprove.

Mr. Thomas O'Connor, Public Utilities Counsel, replied that the Chair was correct, but in the sense that this was a corrective action, amounting to a ratification, the Board should not disapprove but should approve the action of the Public Utilities Commission.

Mr. Ward stated that the Board only had authority to disapprove the recommendation of the Public Utilities Commission. If the Board did not exercise its power to disapprove it would amount to an approval of the action of the Commission, and by coming at this late date the effect would be to ratify and approve the previous action of the Commission.

The Chair inquired if there was anybody in attendance who desired to speak on the subject.

Stephen A. Sparling, Piedmont, inquired as to what would happen if the Board should disapprove the recommendation of the Public Utilities Commission.

Mr. O'Connor replied that, according to Judge Foley's ruling, it would mean that the change in service would not become effective.

The Chair inquired if there was anybody else who desired to speak on the subject. There being no response, the Chair declared the hearing concluded.

#### Refused Adoption.

**Disapproving Abandonment and Discontinuance of Service on the B Street Car Line from the East Bay Terminal to the Great Highway.**

File No. 478-59-1, Resolution No. . . . .

Supervisor Halley, seconded by Supervisor James J. Sullivan, moved adoption.

#### Explanation of Parliamentary Procedure.

The Chair explained the parliamentary procedure as follows: "An 'aye' vote will disapprove the recommendation of the Public Utilities Commission and disapprove the abandonment and discontinuance of the street car service; a 'no' vote will approve the recommendation of the Public Utilities Commission and approve the abandonment and discontinuance of the street car service; it will require 9 'aye' votes to disapprove the recommendation of the Public Utilities Commission."

*Refused adoption by the following vote:*

Noes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Rolph, J. Joseph Sullivan, James J. Sullivan, Zirpoli—11.

## Hearing Held.

## SPECIAL ORDER—3:00 P. M.

## Re-Reference to Committee.

## Taken Up Out of Order.

There being no objection the following, called from the County, State and National Affairs Committee by Supervisor Dobbs, was taken up out of order:

Urging Enactment of State Legislation to Provide an Exception to the Eminent Domain Laws Whereby a Redevelopment Agency May Take Immediate Possession and Use of Lands in a Redevelopment Area for Which a Redevelopment Plan Has Been Duly Adopted by the Legislative Body of the Community.

File No. 257-59, Resolution No. . . . .

Supervisor Dobbs stated that during the past week he had secured information from Mr. Griffin, Chairman of the Redevelopment Agency, to the effect that in many cities the right of immediate possession under eminent domain in a redevelopment area has been limited to the last 25 per cent of the property required, and accordingly it was his belief that the matter should be returned to

committee with the recommendation that they give consideration to such a provision, and to report the matter out for the next session of the Legislature.

Supervisor Halley, seconded by Supervisor J. Joseph Sullivan, moved re-reference to County, State and National Affairs Committee.

Supervisor Ferdon requested the President to send a letter to Mr. Griffin requesting that he submit the information to the Board, with a copy for each member, so as to assist the Committee in its future deliberations on the subject.

The Chair indicated that it would comply with such request.

Motion carried by the following vote:

#### Re-Reference to Committee.

**Approving Concession Agreement Between the Recreation and Park Commission and Joe Barnes for Operation of a Saddle Horse Concession at Camp Mather.**

File No. 483-59, Ordinance No. . . . .

Mr. Hoyt, Business Manager, Recreation and Park Department, stated that Mr. Barnes had severed connections with the Yosemite Park and Curry Company and was now dealing directly with the City. Due to the personal type of services which would be rendered by Mr. Barnes it was the thinking of the Commission that the concession should not go out for bid but should be a negotiated agreement. The percentage to be paid by Mr. Barnes is the same as he was previously paying to the Yosemite Park and Curry Company.

The Chair stated it had no reason to doubt that this was a good contract, but with so little to go on it believed the Recreation and Park Commission should have submitted additional information to the Finance Committee, or have put the concession out for bid.

Supervisor Halley, seconded by Supervisor Ferdon, moved that the legislation be re-referred to Finance Committee.

The Chair requested Mr. Hoyt to prepare and submit to the Finance Committee a comprehensive report on the matter.

Mr. Hoyt stated that he would submit such information.

**SPECIAL ORDER—3:00 P. M.**

**Hearing of All Persons Interested in the Recommendation of the Public Utilities Commission for Abandonment and Discontinuance of Service on That Portion of the Washington-Jackson Cable Car Line West of Hyde Street.**

File No. 488-59

The Chair inquired if there was anybody in attendance who desired to speak on the subject.

Supervisor J. Joseph Sullivan: I returned to this Board of Supervisors on February 16, 1959. Prior to Christmas, Mr. Sylvester Andriano contacted me and requested me to become associated with him and represent Eaton and Smith in a trial in Judge Foley's Court. I advised him that, inasmuch as I was about to leave on my tour of duty with the Navy, he should contact me after the first of the year. By the time he contacted me, Mayor Christopher had appointed me to the Board of Supervisors, and I desire the record to reflect that I did not become associated with Mr. Andriano, and I did not represent Eaton and Smith in the case.

The following people spoke in favor of the recommendation of the Public Utilities Commission:

Mr. Don Fazackerley, President of the Public Utilities Commission, explained the matter was before the Board as the result of Judge Foley's recent ruling that legally the City had failed to accomplish what it sought to bring about because abandonment proceedings

under the Charter were not followed; also that such proceedings should now be conducted to determine whether the line should be abandoned. The public hearing by the Public Utilities Commission was held on June 2, 1959, and it was the unanimous decision of the Commission that the cable car line should be abandoned.

Mr. Fazackerley submitted a copy of his remarks to the members of the Board, and it was ordered filed.

Mr. James Hurst, 351 California Street, representing the Municipal Conference, stated that the Conference had acted on the matter a number of years ago and in its opinion it was an equitable compromise; therefore the Conference was in support of the action of the Public Utilities Commission.

Mr. John S. Selfridge, 1922 Jackson Street, remarked that he approved of the abandonment of a portion of the line because the present transit facilities were so much superior to the cable cars.

Mr. Thomas Gray, Manager, Down Town Association of San Francisco, explained that the voters had acted on the matter and it was very clear as to what was going to happen, and because it was so settled, his Association heartily endorsed the recommendation of the Public Utilities Commission.

Mr. Francis S. Heffron, Attorney at Law, 1252 Divisadero Street, presented and read a prepared statement in support of the order of the Public Utilities Commission.

*Ordered filed.*

Mr. G. L. Fox, Vice President and General Manager of the San Francisco Chamber of Commerce, stated that the people had expressed themselves in 1954 by an overwhelming vote and therefore their wishes should be carried out.

The following people spoke in opposition to the recommendation of the Public Utilities Commission:

Mr. George Mulligan, 19 Filbert Street, presented a historical background of the cable cars in San Francisco, and the charter sections relating thereto.

Mr. Morris Lowenthal, Attorney at Law, 850 Rockdale Drive, presented a prepared brief setting forth the case for the Washington-Jackson Cable Car Line. Mr. Lowenthal addressed the Board for approximately three hours, setting forth the various points contained in the brief, stressing the ruling of Judge Foley, the misleading propaganda disseminated in connection with Propositions E and J in the 1954 elections, and that there would be very little expense on the part of the City to restore the service because the contractors removed the rails with full knowledge that a suit to determine the legality of the abandonment had been filed against the City.

At the conclusion of Mr. Lowenthal's talk, Supervisor Blake, seconded by Supervisor James J. Sullivan, moved that the Board recess until 8:00 p. m.

Supervisor Ferdon stated he was opposed to a recess because he was not certain whether the Board could recess a public hearing, and it was his opinion that consideration of the matter should not be interrupted.

In response to inquiry by Supervisor Zirpoli, Mr. Blanchard, Deputy City Attorney, stated that in his opinion it would not be a denial of a public hearing if the Board should desire to recess.

Supervisor James J. Sullivan requested permission to withdraw his second.

No objection and request *granted*.

There being no further second to the motion, the Chair declared that the motion had *lost* for want of a second.

Supervisor James J. Sullivan inquired of Mr. Lowenthal whether

he felt that he had had sufficient time to present his argument to the Board.

Mr. Lowenthal replied that personally he definitely had had sufficient time.

Miss Gertrude Barnett, 1515 Broadway, urged restoration of the cable cars, and stated it was her belief that any deficits in operation could be made up by a Cable Car Festival.

Mrs. Anna Blake Mezquida, 1007 Sutter Street, based her argument for the restoration of the cable cars on the fact that the people were so misinformed in 1954 that they did not know which way was the right way to vote.

Mrs. Star Wolford Young, 1037B Broadway, stated it was her belief that not only did people move from the area because of the abandonment of the cable cars, but also such abandonment resulted in a depreciation of property values.

The following persons also spoke in favor of the retention of the cable cars, predicating their remarks generally on the premises that there had been a deterioration of service, obnoxious fumes generated by the buses, and the misleading propaganda in the 1954 election:

Mr. Robert Coe Garden.

Glen C. Lee, Jr., student from the University of California.

Mrs. S. Grover Rich., 2140 Pacific Avenue.

Mr. John Sackett, resident of the area.

Dr. Frederick A. Fender, 2446 Washington Street.

Mr. Curtis Chapman, 15 Broderick Street.

Mr. Barney Gould, 281 Edgewood Avenue.

Mrs. Florence Henderson, 2270 Washington Street.

Mrs. Louis A. Hendricks, 2285 Washington Street.

Mr. William Best, 2336 Octavia Street.

Mr. Kamina Gupta, Vice President, Central Council of Civic Clubs.

Mr. Charles Walsh.

Mrs. Elizabeth Berry.

Dr. John Allan Bier.

Rebuttal time was allowed each side, and the following persons spoke:

Mr. Harry E. Lloyd, Chief Engineer and General Manager of the Hetch Hetchy System, explained how the Engineering Bureau of the Public Utilities Commission had arrived at the approximate amount of \$995,000 for the restoration of the rails on Washington and Jackson Streets.

Mr. Vernon Anderson, Acting Manager of the Municipal Railway, informed the Board of the method used to determine whether there would be an operating profit or loss from the restoration of the cable cars.

Mr. Rulon Stevenson, Senior Accountant, representing the Municipal Railway, submitted information as to how payments of claims by the Municipal Railway were charged against the individual type of operation.

Mr. Lowenthal in his rebuttal explained that the facts as presented by the three prior speakers had been presented in the trial and they had been entirely discounted.

Mr. Lowenthal thereupon interrogated Mr. Rolfe, Consulting Engineer, who explained how he had arrived at his estimate of the cost of restoring the cable car tracks.

The Chair thereupon inquired if there was anybody else in attendance who desired to speak further on the subject. There being no response the Chair declared that the public hearing was concluded and the matter was now in the hands of the Board.

Supervisor Blake, seconded by Supervisor James J. Sullivan, moved that the Board recess until the hour of 10:15 p. m.

Motion carried by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Halley, J. Joseph Sullivan—6.

Noes: Supervisors Ferdon, Rolph, James J. Sullivan, Zirpoli—4.

Absent: Supervisor McMahon—1.

The Board reconvened at the hour of 10:30 p. m.

### Refused Adoption.

Disapproving Abandonment and Discontinuance of Service On That Portion of the Washington-Jackson Cable Car Line West of Hyde Street.

File No. 488-59, Resolution No. . . . .

Supervisor Ferdon explained that he was going to vote for the resolution for the following reasons: When Proposition E was on the ballot in 1954 at no time was it ever stated that it was contemplated that the service on the Washington-Jackson Cable Car Line would be discontinued and abandoned; the removal of the rails was done in the face of a suit against the City to determine the legality of such action; the resolution before the Board was to make the abandonment and discontinuance retroactive to September, 1956, rather than today; the Public Utilities Commission by its own statement admitted that the removal of the cable cars was wrong when they said that the neighborhood had been provided with another form of adequate service; and the action of the Public Utilities Commission was not carrying out the mandate of the people because, as had been held by Judge Foley, there was no mandate.

Supervisor Ferdon further urged that if a majority of the members felt inclined to vote to approve the recommendation of the Public Utilities Commission, they should make the discontinuance and abandonment effective on this date, and not retroactive to September, 1956.

In response to inquiry as to whether the Board could ratify the action of the Public Utilities Commission as of September, 1956, Mr. Blanchard, Deputy City Attorney, informed the Board that under Section 132.1 of the Charter there was only one affirmative action that the Board could take, and that was to disapprove the recommendation of the Public Utilities Commission by nine votes. That was the only power the Board had and it could not change the recommendation.

Supervisor Blake remarked that he was very much disturbed over the removal of the cable car tracks and was desirous of ascertaining by what authority the project was undertaken.

Supervisor Blake thereupon requested the Clerk to communicate with Mr. Owens, Director of Public Works, asking him to furnish information as to who initiated the legislation providing for the removal of the cable car tracks, and pursuant to what authority was such recommendation made.

No objection and Clerk was directed to comply.

Supervisor J. Joseph Sullivan in explaining his vote stated that in 1950 he had voted against submitting a charter amendment for the replacement of the Washington-Jackson Cable Car Line with buses, and in 1954 he was under the impression that he was voting for an

integrated cable car system, but after hearing all of the facts and figures today he was convinced that he should vote to support the recommendation of the Public Utilities Commission.

Supervisor Zirpoli in explaining his vote remarked that he accepted the decision of Judge Foley and recognized the lapses on the part of the Public Utilities Commission and the contractor. Although personally he preferred the cable cars, preference to a segment of the community could not be given into at this time, and therefore it was his opinion that the interests of the public as a whole could be best served by the abandonment of the Washington-Jackson Cable Car Line east of Hyde Street.

Supervisor Rolph in explaining his vote said that while he was not convinced that the charter amendment was properly submitted to the people he believed it would further compound a complex situation to disapprove the recommendation of the Public Utilities Commission, and he did not believe that anything would be gained by the restoration of the cable cars.

Supervisor Dobbs in explaining his vote stated that after hearing all of the evidence any action by the Board in disapproving the recommendation of the Public Utilities Commission would only retain one small line and not the entire system, and it would be advantageous to only a small segment of the people. While he would most likely vote for the restoration of the entire system, he believed that the most logical and practical solution to the problem at the present time was to vote against the resolution and thereby approve the Commission's recommendation.

Supervisor Casey in explaining his vote remarked it was his opinion that Proposition E did establish a very definite system of cable cars in San Francisco, and it was definitely known that the other lines would be removed; therefore, since he believed it was for the best interest of the people, he was going to vote to approve the recommendation of the Public Utilities Commission.

Supervisor Halley in explaining his vote stated that he was very much aware of the problem assumed by the Board in the event the line was restored, and since the presentation as made by the representatives of the Municipal Railway had convinced him that the line should not be restored he was going to vote to approve the recommendation of the Public Utilities Commission.

Supervisor Ertola in explaining his vote said that he was going to vote against the recommendation of the Public Utilities Commission, and he concurred with all of the reasons as set forth by Supervisor Ferdon.

The Chair explained the parliamentary procedure as follows: "An 'aye' vote will disapprove the recommendation of the Public Utilities Commission and disapprove the abandonment and discontinuance of the cable car service; a 'no' vote will approve the recommendation of the Public Utilities Commission and approve the abandonment and discontinuance of the cable car service; it will require 9 'aye' votes to disapprove the recommendation of the Public Utilities Commission."

Proposed change in Charter Amendment was submitted by the Judiciary Committee, that sub-paragraph (8) as originally written be deleted, and the following language substituted therefor:

Supervisor McMahon explained that this is a new lease for a longer period than presently provided. Concession will be moved to new City building and a considerable investment in improvements by the concessionaire will be required. The lease contains a provision for on-sale facilities for vending alcoholic beverages. The Finance Committee requested the Recreation and Park Department to so inform Mrs. Marguerite Pratt, who has actively opposed inclusion of permits to sell alcoholic beverages in contracts for Recreation and Park Department concessions. Mr. Hoyt of the Recreation and Park

Department reported verbally at this meeting that Mrs. Pratt had been advised of this contract, but had made no response to notification.

*Passed for Second Reading by the following vote:*

**Ordered Submitted.**

Acting Chief Kruger of the Fire Department having arrived in the Chambers, consideration of the following recommendation of the Judiciary Committee, heretofore considered and temporarily postponed, was resumed:

**Charter Amendment—Amending Section 171.1.1 to Provide for Inclusion of Chief Operating Engineers, Operating Engineers and Junior Operating Engineers in the Fire Department as Members of the Fire Department.**

File No. 540-59

Chief Kruger stated that operating engineers are subject to disciplinary action for failure to report for duty; however, they cannot be called upon for actual fire-fighting, nor can they be assigned to fireboats or the Salvage Corps.

**Explanation of Vote.**

Supervisor McMahon stated that she feels that there are many employees in the City service whose work is equally as hazardous as that of these operating engineers, who are not actually fire fighters. Others in hazardous occupations include ambulance drivers, chauffeurs and Department of Public Works employees. Rather than vote for this Charter Amendment, she feels that a survey of the entire situation should be instituted and then a recommendation could be made to the voters for providing such benefits for all employees where warranted. These benefits were set up primarily for policemen and firemen who risk their lives in the performance of their duties, and if they are extended to others, something more should be done for policemen and firemen.

File No. 16217-6, Ordinance No. . . .

Supervisor McMahon moved that the privilege of the floor be granted to Mr. Robert Fouke, representing the B and B Parking Corporation.

Upon the objection of Supervisor James J. Sullivan, the Chair ruled that the motion could not be considered by the Board.

In response to inquiry by Supervisor Blake, John E. Sullivan, member of the Parking Authority, explained that the Parking Authority's position in this matter was purely advisory and after considering all the bids it had recommended acceptance of the Barkett bid.

Mr. Earl Cutting, representing the Director of Property, explained the method that had been followed to determine that the Onorato bid was the best bid.

Mr. Harry E. Ross, Controller, remarked that the estimated revenue used in figuring the bids would determine which was the better bid; if \$350,000 was the basis then the B and B bid would be better, but if \$375,000 was used then the Onorato bid would be better.

*Passed for Second Reading by the following vote:*

Ayes: Supervisors Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Rolph, J. Joseph Sullivan, James J. Sullivan, Zirpoli—10.

No: Supervisor Blake—1.

**Taken Up Out of Order.**

**Passage for Second Reading.**

There being no objection the following recommendation of Finance Committee, with Supervisor Ferdon dissenting, was taken up out of order:

**Authorizing Sale of Silva Tract in San Mateo County.**

File No. 516-59, Ordinance No. . . . .

The Clerk presented a communication from the Director of Property recommending that Area No. 1 be leased by the City rather than sold.

*Filed.*

Supervisor Ferdon explained the historical background and called attention to the fact that he had received a list containing nine pages of property which the former Manager of Utilities had stated was surplus and should be sold.

Supervisor Ferdon continued that there was precedent for the leasing of the property instead of selling it, the most outstanding being the Board of Education property at Fifth and Market Streets. Also the leasing would be more advantageous to the City because at the end of the lease the improvements on the land would revert to the City.

Supervisor Halley stated it was his opinion that a better price would be realized if all of the land was sold, and he had been informed by the Manager of Utilities that the money received from the sale of the land would be used to construct roofs on the various reservoirs in San Francisco in order to protect our water supply.

Supervisor Halley further stated it had been brought to his attention that the City of Millbrae is most anxious to see this land disposed of by San Francisco to permit future development of the area.

In response to inquiry by Supervisor Zirpoli as to whether or not an investigation had been made of possibility of leasing the property and using the income to reduce the bonded indebtedness, Mr. Kirkwood, Manager of Utilities, replied in the negative, and explained that it had been his policy to dispose of surplus lands and reinvest the money in necessary improvements.

Supervisor Dobbs, in explaining his vote, stated that he was going to vote for the recommendation of the majority of the committee because the property is surplus and no other department has indi-

cated that they need it, and also because there was no showing that it would be better to lease rather than sell the property.

*Passed for Second Reading* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Halley, McMahon, Rolph, J. Joseph Sullivan, James J. Sullivan—8.

Noes: Supervisors Ertola, Ferdon, Zirpoli—3.

September 9, 1959

Hon. Harold S. Dobbs

President of the Board of Supervisors

City and County of San Francisco

San Francisco, California

Dear Mr. Dobbs:

Inasmuch as the privilege was not extended to me when requested to furnish to the Board of Supervisors of the City and County of San Francisco at its meeting on September 8, 1959, important facts

in opposition to Item 19 of the Agenda of the Board relating to the acceptance of the bid and authorizing a lease to S. E. Onorato, Inc. of the parking plaza at Candlestick Point, it is necessary as a taxpayer and as attorney for B & B Enterprises, a partnership, to make available to you some of the more important facts for your attention at the time this matter is before you again on a second reading at your next meeting on Monday, September 14, 1959.

B & B Enterprises objects to the acceptance of the bid of S. E. Onorato, Inc. by your Board on the grounds that

1. This bid is not the highest and best bid.
2. The acceptance of this bid will not be for the best interests of the City and County of San Francisco.
3. The highest and best bidder, as well as an experienced and responsible bidder, was B & B Enterprises.
4. The S. E. Onorato, Inc. bid is purely speculative and is not a responsive bid.
5. It would be unfair, inequitable and unjust to accept the Onorato bid at this time.
6. Pending litigation indicates that the City and County of San Francisco does not have the right to lease a portion of the parking area covered by the proposed bid and lease to any lessee, for parking or other purposes.
7. No emergency exists at present requiring that any bid be accepted for parking purposes at this time, as the City and County can operate the parking area for the minimum two and maximum three days of World Series baseball games without difficulty or jeopardy, with city employees or under an agency arrangement.
8. There have not been sufficient basic facts obtained or available to date covering the many problems relating to the adequacy or inadequacy of the proposed parking area.
9. There should be a thorough investigation of all of these matters before approving any bid for parking purposes, and thereafter new bids should be called for in the light of the full information and facts obtained in connection with this investigation.

In this connection a memorandum has been prepared setting forth many of the facts relating to the opposition in order that you may be better advised as to these matters prior to taking any further action on or in connection with the Onorato bid.

The undersigned will be available to discuss these matters further with you at your pleasure, and upon notice of your wishes in this connection.

In the light of the information furnished herein and in the enclosed memorandum, you are requested:

- (a) To reject the S. E. Onorato, Inc. bid; or
- (b) To refer the matter back to the Finance Committee for further consideration, examination and investigation to the end that full facts and details may be made available for further action by said Committee; or
- (c) That said bid be rejected and the matter referred back to the Recreation and Park Commission for further consideration, action and recommendations, including rejection of all bids and advertising for new bids in the light of all reasonable and available facts concerning this matter.

In view of the widespread publicity that has been given to this matter and the accusations that have been made in connection therewith, it is submitted that there is but one equitable and just decision which will be for the best interests of the City and County of San

Francisco, and that is the rejection of the Onorato bid and the reference back to the Recreation and Park Commission for further consideration and action in this matter.

Respectfully yours,  
Robert H. Fouke

**Communications.**

The Clerk presented communications from the California Heritage Council and Mr. and Mrs. Harold Gilliam, protesting the construction of the garage at Portsmouth Square.

*Ordered filed.*

In response to inquiry by Supervisor Zirpoli as to whether or not the Board would retain jurisdiction over the landscaping of the area, Mr. Fisher, General Manager, assured him that no landscaping of the area would be undertaken unless the plans had been approved by the Board.

Mr. Gould, representing the landscape architects, presented a plat showing the proposed design of the Square after the construction of the garage, and explained that because of the manner in which the garage would be constructed it would be impossible to retain the Square as presently laid out, but the proposed plan would provide for a more advantageous use.

Supervisor Zirpoli stated he would accept at face value the statement that the Board will maintain jurisdiction of the landscaping, but he would not vote for the landscaping unless he sees plans which, unless it is economically impossible to do so, will retain the present contour and character of the park.

## Taken Up Out of Order.

## Passage for Second Reading.

There being no objection, upon the motion of Supervisor J. Joseph Sullivan, seconded by Supervisor Zirpoli, the following recommendations of the Public Buildings, Lands and City Planning Committee were taken up out of order:

**Amending Ordinance No. 492-58 (City Planning Code), by Adding and Amending Various Sections Thereto, Relating to Land Use and Comprehensive Zoning Classifications.**

File No. 4608-3, Ordinance No. ....

The Chair remarked it has received a request from Supervisor Halley asking that the Board postpone consideration of the Zoning Ordinance to permit him an opportunity of participating in the discussion; but, if there is any objection to such postponement, his request is to be considered withdrawn.

Supervisor James J. Sullivan, seconded by Supervisor Casey, moved that consideration be continued for one week.

In response to inquiry by Supervisor Ferdon as to the status of any proposed amendment on which there was a tie vote—i.e., 5 to 5, Mr. Blanchard, Deputy City Attorney, remarked that if there were a tie vote then the amendment would fail.

Motion to continue consideration *defeated* by the following vote:

Ayes: Supervisors Casey, Dobbs, Ertola, James J. Sullivan—4.

Noes: Supervisors Blake, Ferdon, McMahon, Rolph, J. Joseph Sullivan, Zirpoli—6.

Absent: Supervisor Halley—1.

Roger D. Lapham, Jr., President of the City Planning Commission, presented the historical background of the legislation and urged its passage by the Board at today's meeting on the premise that it could be amended during the 180-day period in which the ordinance will not become operative following the approval of the Zoning Map.

James McCarthy, Director of Planning, summarized briefly the proposed amendments to the text which resulted from review of the ordinance by the City Planning Commission and the Public Buildings, Lands and City Planning Committee, remarking that the amendments were minor but were considered necessary to improve the applicability of the ordinance.

In response to inquiry by Supervisor Ferdon, Mr. McCarthy stated that in determining the height limitation feature of the ordinance, the highest point of the property is taken as the base.

Mr. McCarthy replied to a question by Supervisor McMahon, relative to non-conforming buildings being required to conform to the code within a specified period, by stating that those provisions would apply only to industrial or commercial uses in residential areas.

Supervisor Ferdon called attention to a communication from Mr. Kamini Gupta, representing the San Francisco Council of District Merchants' Associations, relative to lessee's liability, in accordance with the provisions of the lease agreement, for work required to bring the demised premises in conformity with the requirements of the ordinance.

Mr. McCarthy replied that in those situations the Department would not be concerned with whether the lessor or lessee was responsible for the making of the repairs or alterations, but it would just order the improvements to be made.

Supervisor Dobbs thereupon requested that the Clerk direct a communication to the City Attorney, requesting that he restudy Opinion No. 1394, relative to the right of the Board of Supervisors to waive conditions agreed on between lessor and lessee, and to submit his report to the Public Buildings, Lands and City Planning Committee.

No objection and *Clerk directed to comply*.

Supervisor Dobbs mentioned that he had received a communication from John E. Sullivan, attorney-at-law, complaining of the lack of notice to the property owners in the West Portal District, and urging that this district be exempt from the floor area ratio provisions of Section 22 of the ordinance.

Supervisor J. Joseph Sullivan replied that Mr. Sullivan had been notified of all meetings of the Committee, and had appeared to represent his clients. Supervisor Sullivan explained there had been 59 notices of the meetings published in the various daily newspapers at an approximate cost of \$3,100.

Mr. McCarthy explained that the C-2 classification which was given to the West Portal District did not in itself impose height restrictions; but it was covered by the floor area that was being used, and if it were used for residential purposes attached to a commercial district then the height limitations of an R-3 zone would be applied.

Supervisor Dobbs inquired if there was any business district in San Francisco wherein the 40-foot height limitation was removed when it was surrounded by residential districts.

Mr. McCarthy answered that in other parts of the City, where the community business districts are adjacent to residential areas which are R-1, R-1-D or R-2, they are in the same position as in West Portal, but by contrast in the Polk District where there are R-4 and R-5 classifications, the business areas would not be subject to the same height limitations as in West Portal.

Supervisor Dobbs stated he had received a communication from Frank Parlato relative to creation of restrictive uses of the property.

Supervisor J. Joseph Sullivan responded that Mr. Parlato objects to certain provisions of the ordinance and therefore contends they should be deleted, but he does not assign any reasons for his convictions. The Committee analyzed all of his objections and resolved them to its satisfaction.

Supervisor Zirpoli stated the general impression he received from Mr. Parlato's communication was that if we followed his suggestions, each person would have his property rezoned in the manner in which he wanted it, resulting in widespread spot zoning.

*Passed for Second Reading by the following vote:*

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, McMahon, Rolph, J. Joseph Sullivan, James J. Sullivan, Zirpoli—10.

Absent: Supervisor Halley—1.

#### Consideration Continued.

Amending Ordinance No. 492-58 (City Planning Code), by Adding Section 5.1 Thereto, Providing for the Incorporation of the "Zoning Map of the City and County of San Francisco" Therein.

File No. 4608-4, Ordinance No. . . . .

The Clerk presented a communication from the Director of Planning, advising that the City Planning Commission had reviewed and approved the final zoning map recommendation of the Public Buildings, Lands and City Planning Committee, and the proposed text amendments recommended by the Committee.

*Contents noted and ordered filed.*

Mr. Bernard Ward, Deputy City Attorney, explained that the zoning map consisting of 13 sectional maps comes before the Board as one ordinance, and since it comes with the full consent of the Committee the language of Section 117 of the Charter with respect to legislative referral has been complied with, and the legislation may be passed by six affirmative votes. If there are amendments to the proposed zoning map the Board could not today vote on the ordinance, as the map would first have to be referred to the City Planning Commission for its report and recommendation and then be returned to the Board.

Supervisor J. Joseph Sullivan remarked that the Committee considered some 271 protests which were filed in writing by the various property owners. These protests were heard and also anybody who was interested in the subject parcel. In those cases where we decided to change the decision of the City Planning Commission we had additional hearings, but in those cases where we agreed with the City Planning Commission we did not have any additional hearings. The Committee approved approximately 151 protests.

Mr. McCarthy stated that the zoning maps were divided into 13 sectional maps, each covering a portion of the City, which were prominently displayed so each property owner would know the recommended zoning for his property. The recommendations of the Committee were referred to the City Planning Commission for approval and all of them were approved unanimously.

Supervisor J. Joseph Sullivan moved that the maps be considered *seriatim*. Motion seconded by Supervisor Zirpoli.

No objection and motion *carried*.

Supervisor Dobbs presented a communication from Chas. L. Harney, Inc., requesting that Block 4991, Lots 10, 18 and 1B be rezoned from R-1 to R-3.

Supervisor J. Joseph Sullivan remarked it was the decision of the Committee that if the property on the east slope of Twin Peaks were rezoned to R-3, then the subject parcel would also be rezoned to R-3.

#### Consideration of Map No. 1.

The Chair inquired if there was any Supervisor who desired to propose an amendment to Zoning Map No. 1.

There was no response.

#### Consideration of Map No. 2.

The Chair inquired if there was any Supervisor who desired to propose an amendment to Zoning Map No. 2.

Supervisor Dobbs stated he had received an objection from the owners of 2360 Washington Street, complaining that they found their property was in an R-3 zone and asking it not be rezoned other than R-4.

Supervisor J. Joseph Sullivan remarked that the Committee discussed the problem before the meeting and it was agreed this matter would be considered by the Committee if there were no other amendments which carried today.

Supervisor Ferdon, seconded by Supervisor Dobbs, moved that the 2300 block on Washington Street be changed from R-3 to R-4.

After objection to the motion by Supervisor Zirpoli, Supervisor Ferdon requested permission to withdraw the motion.

No objection and request *granted*.

Supervisor McMahon stated that the people who are interested should be advised that the Public Buildings, Lands and City Planning Committee has agreed to take up the matter of rezoning the entire area at a later date.

Supervisor Ferdon inquired as to the status of the structure at 3236 Pierce Street.

Mr. McCarthy stated the building was a non-conforming existing industrial use and it would not have to conform to the code; the structure may be rebuilt if it is damaged but it could not be extended.

#### Consideration of Map No. 3.

The Chair inquired if there was any Supervisor who desired to propose an amendment to Zoning Map No. 3.

Supervisor Ferdon, seconded by Supervisor Casey, moved that Sectional Map No. 3, of the Zoning Map, included by reference as a part of Section 5.1 of Ordinance No. 492-58, be amended by changing the use of district classification applicable to property on Parker

Avenue, west side, approximately 75 feet south of California Street, then southerly approximately 100 feet for a uniform depth of approximately 120 feet, from R-3 to R-1-D.

Motion defeated by the following vote:

Ayes: Supervisors Casey, Dobbs, Ertola, Ferdon, Rolph—5.

Noes: Supervisors Blake, McMahon, J. Joseph Sullivan, James J. Sullivan, Zirpoli—5.

Absent: Supervisor Halley—1.

#### Consideration of Map No. 4.

The Chair inquired if there was any Supervisor who desired to propose an amendment to Zoning Map No. 4.

Supervisor Dobbs stated he had received a communication from Arthur C. Zief requesting that his property at 430 Point Lobos Avenue be rezoned as R-3 because it is a 5-unit apartment in close proximity to Commercial Classifications.

Mr. McCarthy replied that it would be a non-conforming existing use which would be permitted to remain as such, and if it were destroyed by fire it could be rebuilt as a 5-unit apartment house.

Supervisor Dobbs, seconded by Supervisor Casey, moved that Sectional Map No. 4 of the Zoning Map, included by reference as a part of Section 5.1 of Ordinance No. 492-58, be amended by changing the use district classification applicable to Lot 1, Block 1483 (107-109 Seal Rock Drive), from R-1 to R-2.

Supervisor Ferdon moved temporary postponement.

No objection and motion *carried*.

#### Consideration of Map No. 5.

The Chair inquired if there was any Supervisor who desired to propose an amendment to Zoning Map No. 5.

Supervisor Casey remarked that he had received a communication from the Atlas Realty Company requesting that the property on the east line of Nineteenth Avenue, 82 feet southerly from the southerly line of Rivera Street, be changed from R-3 to C-2.

Supervisor Casey, seconded by Supervisor James J. Sullivan, moved that Sectional Map No. 5 of the Zoning Map, included by reference as a part of Section 5.1 of Ordinance No. 492-58, be amended by changing the use district classification applicable to property located on the east line of Nineteenth Avenue, 82 feet southerly from the southerly line of Rivera Street, from R-3 to C-2.

Supervisor McMahon in explaining her vote remarked she had originally dissented in Committee to the zoning of this particular block because it was only two years ago that this Board, on appeal from the property owners, had voted to rezone the property for Commercial use.

Supervisor Blake in explaining his vote explained that while he was in favor of the rezoning of this parcel to a commercial use he believed the interests of all could best be served by enacting the ordinance today and having the property owner apply for a change in zoning classification within the 180-day period.

Motion defeated by the following vote:

Ayes: Supervisors Casey, Dobbs, Ertola, McMahon, James J. Sullivan—5.

Noes: Supervisors Blake, Ferdon, Rolph, J. Joseph Sullivan, Zirpoli—5.

Absent: Supervisor Halley—1.

### Consideration of Map No. 6.

The Chair inquired if there was any Supervisor who desired to propose an amendment to Zoning Map No. 6.

Supervisor Casey stated he had received a communication from the Twin Peaks Investment Company requesting that property bounded by Twin Peaks Boulevard on the west; Burnett Avenue on the east; Glenview Drive on the south; and property owned by the City and County on the north, be changed from R-1 to R-3.

Supervisor Casey, seconded by Supervisor James J. Sullivan, moved that Sectional Map No. 6 of the Zoning Map, included by reference as a part of Section 5.1 of Ordinance No. 492-58, be amended by changing the use district classification applicable to property bounded by Twin Peaks Boulevard on the west; Burnett Avenue on the east; Glenview Drive on the south; and property owned by the City and County on the north, from R-1 to R-3.

Mr. Lapham remarked the Planning Commission has no objection to an R-3 zoning classification. The dispute over the property is purely one of degree. The property is one of the best residential properties which remain vacant today. We believe the present property owners are in a position to realize this development. The Commission's argument before the Committee was purely a matter of retaining some measure of control within the hands of the Planning Commission. This is obviously a piece of land for a Planned Unit Development.

Mr. Lapham continued that he believes it goes without saying that any logical R-3 plan would be approved by the present City Planning Commission. There is indeed danger in having this property developed on a hit or miss basis if these developers should for any reason lose control of any or all of the property. It is for that reason and that reason only that the Planning Commission recommended and the Committee supported the recommendation that this be retained as R-1 subject to being rezoned to R-3 on the basis of a Planned Unit Development.

Supervisor McMahon in explanation of her vote stated that again in this instance she dissented from the recommendation of the Committee, because the Planning Commission stated that here were suitable properties for multiple unit development but they wished to control the property so they could control the development under multiple type use. If the zoning code is not sufficient to cover any type of development in a uniform manner, then something is wrong with the zoning code and we should change it and not tie up the property. If this particular owner had to sell off part of the property he would have to sell it as R-1 and the site would be practically impossible to develop. The R-1 classification, which the Commission wants for control purposes only, is an unwarranted interference with property rights, and it should be rezoned to the R-3 classification which the Planning Commission declares proper.

Supervisor Blake in explaining his vote remarked that he subscribed to the views as stated by Supervisor McMahon and he was surprised that the Planning Commission would come to the Board with the explanation it had, but he believed the board should adopt the zoning ordinance today and then he would do everything within his power, within the 180-day period, to have this property rezoned to R-3, and he would vote for such rezoning.

Supervisor Zirpoli said the matter becomes a question of whether or not you desire the City Planning Commission to have some control over the future development of the land.

### Presentation of Guest.

At this stage of the proceedings, pending the arrival of the members who had been called from the Chambers, the Chair introduced Mr. Bryant Hall, former member of the staff of the City Planning Commission, who had worked on the draft of the zoning map.

Motion *carried* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, McMahon, Rolph, J. Joseph Sullivan, James J. Sullivan, Zirpoli—10.

Absent: Supervisor Halley—1.

The Board resumed consideration of motion of Supervisor Zirpoli, seconded by Supervisor Dobbs, that the zoning classification of property located on the north side of North Point Street between Van Ness Avenue and Polk Street (Fontana Warehouse) be changed from R-4 to C-2.

Supervisor Dobbs in explaining his vote stated that while he had given a courtesy second to the motion he believed the Planning Commission was right.

Supervisor Casey stated he had received a communication from St. Francis Circle Properties, Inc., requesting that the property on the northwest corner of Sloat Boulevard and West Portal Avenue be reclassified from R-1-D to R-4.

Supervisor Casey, seconded by Supervisor James J. Sullivan, moved that Sectional Map No. 12 of the Zoning Map, included by reference as a part of Section 5.1 of Ordinance No. 492-58, be amended by changing the use district classification applicable to property located on the northwest corner of Sloat Boulevard and West Portal Avenue, from R-1-D to R-4.

Supervisor J. Joseph Sullivan stated that although the majority of the Committee has agreed upon an R-1-D classification, in view of the Board's action in rejecting the "planned unit development" principle advocated by the Committee majority, as applied to the tract on the east slope of Twin Peaks, the Committee majority will abide by the decision of the Board majority and acquiesce in an R-4 classification for the St. Francis Circle property.

### Passage for Second Reading.

**Amending Ordinance No. 492-58 (City Planning Code), by Adding Section 5.1 Thereto, Providing for the Incorporation of the "Zoning Map of the City and County of San Francisco" Therein.**

File No. 4608-4, Ordinance No. . . . .

The Clerk presented a communication from the Director of Planning advising that the City Planning Commission, at its meeting of October 22, 1959, unanimously approved the proposed Comprehensive Zoning Ordinance and the maps appended thereto as amended by the Board of Supervisors on October 19, 1959, but the City Planning Commission requests the Board to reconsider its action with respect to the redesignation, from R-1-D to R-4, of property located at the northwest corner of Sloat Boulevard and West Portal Avenue.

### Motion to Amend Map 12.

Supervisor J. Joseph Sullivan, seconded by Supervisor Blake, moved that in connection with Map No. 12 the Board rescind its action whereby it changed the property located on the northwest corner of Sloat Boulevard and West Portal Avenue from R-1-D to R-4.

Supervisor Zirpoli remarked that if his memory served him right, originally the City Planning Commission had recommended an R-4 classification for the property, but after hearing from the residents of the area the Commission believed it to be best that the property be zoned R-1-D.

Mr. Lapham, President, City Planning Commission, explained that originally the maps were prepared so as to submit a map to the public to test public reaction to the specific maps. After the meeting on the map which contained this particular parcel there were very substantial protests from the residents and after further hearings by

the Commission it was its decision to leave the property zoned R-1-D instead of changing it to R-4. The matter again came up on general discussion of all maps before it was sent to the Board of Supervisors.

Mr. Lapham further stated that there was a question in his own mind as to whether or not this property would properly qualify for a Planned Unit Development. Originally he was of the opinion that it would qualify, but further investigations revealed it was not sufficient in size to so qualify, and that fact changed his opinion.

In response to inquiry of Supervisor Ferdon as to whether the Board could make an amendment to the maps and still pass the ordinance at today's meeting, Mr. Ward, Deputy City Attorney, advised that the matter could be handled on an oral report by the City Planning Commission, subject to receipt of a written confirmation.

Supervisor Ferdon stated it was his desire to make it clear in public that he had inadvertently made a misstatement in reviewing the history of the Board's legislative consideration of the zoning map while he was in attendance at a meeting of a neighborhood improvement club during one evening last week. He had mentioned at the time that the motion proposing an R-4 Classification for the St. Francis Circle property was made by the Chairman of the Public Buildings, Lands and City Planning Committee, Supervisor J. Joseph Sullivan; however, upon further review of the proceedings he had informed himself correctly that the motion was neither made nor seconded by Supervisor J. Joseph Sullivan, although the latter had stated that this parcel was allied in principle with two other parcels considered by the Board, and that all members of the Board had joined in voting for it.

Supervisor Ferdon added that he had completed his own further investigation with respect to the St. Francis Circle property for the purpose of making a decision, and that he trusted that whatever the majority of the Board today voted to do in this connection would be the right thing.

Supervisor Zirpoli said it was his understanding that if the easterly slope of Twin Peaks was to be taken from the control of the City Planning Commission and rezoned R-3, similar action should be taken with relation to the Harney property and the subject property, but because of his desire to see this ordinance passed today, and in view of the fact that the 180-day waiting period before it becomes effective renders the ordinance flexible so any changes necessary might be accomplished, he was going to vote for the amendment. Supervisor Zirpoli continued that he still had some feelings that the property might, in the future, be rezoned to R-4 and hoped that there would be future hearings on the property to determine whether or not there were merits to the original belief of the City Planning Commission that the property should have an R-4 classification.

Supervisor Halley stated that because of his interest in an organization in the area, and the objections of the people in the neighborhood, he could not in conscience vote to support the change to R-4 and would vote for the motion.

Supervisor J. Joseph Sullivan explained it was the understanding of the Public Buildings, Lands and City Planning Committee that if the property on Twin Peaks was rezoned, then both the Harney and subject property would be rezoned, but since that time he had looked into it and had discovered that the subject property is not large enough for a Planned Unit Development.

Supervisor Casey remarked that in view of the fact there had been a misunderstanding on the matter, it affected his vote, but he wanted it understood that if the action of the Board should devalue the property he would always support an appeal to the Board.

Supervisor Dobbs remarked that when he voted for the rezoning he understood the facts and he still knows the facts; that being a resident of the area he had for years wondered why this property was never developed, and when he found out the property was zoned for single family residential uses he knew the property could never be developed because it is property on which apartment houses should be constructed. Supervisor Dobbs continued that he was going to vote against the motion because he believed it was wrong.

*Second*  
Motion to ~~amend~~ *second* carried by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, Ferdon, Halley, Rolph, J. Joseph Sullivan, Zirpoli—8.

Noes: Supervisors Dobbs, McMahon, James J. Sullivan—3.

Supervisor J. Joseph Sullivan, seconded by Supervisor Ertola, moved that the ordinance as amended be referred to the City Planning Commission for its report and recommendation.

Motion carried by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Rolph, J. Joseph Sullivan, James J. Sullivan, Zirpoli—11.

Mr. Lapham reported that the City Planning Commission had taken action on the motion to amend and by unanimous vote approved the motion and had unanimously approved the ordinance in toto.

*Passed for Second Reading* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Rolph, J. Joseph Sullivan, James J. Sullivan, Zirpoli—11.

## SPECIAL ORDER—2:00 P. M.

Presentation by Senator McAteer and Mr. Ralph M. Brody, Deputy Director of the State Department of Water Resources, of the Water Plan of the State of California.

Senator McAteer explained the many advantages which the City and County of San Francisco would receive from the Burns-Porter Act (SB 1106) not only directly but indirectly through the future expansion of the Bay Area and the establishment of additional industries because of the accessibility of water. Senator McAteer also remarked that San Francisco's position as the focal point of the economic life of Northern California, and the financial capital of the West, would be enhanced because much of the financing and insurance activities which would be created by the water development program could be expected to be handled by firms which headquarter or maintain regional offices in San Francisco. In closing Senator McAteer urged the Board, as the legislative body of the City and County of San Francisco, to establish the official policy of the City and County as favoring the program as contained in the Burns-Porter Act. Senator McAteer presented a mimeographed copy of his remarks, for incorporation in the Board's files.

Mr. Brody, Deputy Director of the State Department of Water Resources, traced the history of the Burns-Porter Act, pointing out the areas of disagreement between the northern and southern counties, e.g., authority to rescind contracts at any time; assurance of sufficiency of funds to complete project; equality of distribution; and preservation of County of Origin and Water Shed Statutes, and explained how these controversies were resolved to the satisfaction of all counties concerned.

Mr. Brody remarked that there was a prohibition in the bill which would prevent the State from entering into competition with the City and County of San Francisco in those areas where San Francisco is now supplying water.

Mr. Brody also explained how the provisions of the Burns-Porter Act were in accord with the present policy of the City and County as set forth in Resolution No. 17432 (Series of 1939).

After the presentation by Mr. Brody, he answered questions propounded by the members of the Board in connection with various provisions of the bill.

## Reference to Committee.

SPECIAL ORDER—2:00 P. M.

Consideration of Revised Rate Schedules for Water Service Established by the Public Utilities Commission on November 24, 1959, by Resolution No. 19754.

File No. 841-59

The Chair inquired if there was anybody in attendance who desired to speak on the subject.

Mr. James H. Turner, General Manager and Chief Engineer, Water Department, explained that as a result of a survey the Department had ordered undertaken, it was recommended by the consulting firm, under date of November 1, 1958, that the rates should be increased. The Public Utilities Commission after giving serious consideration to the recommendations decided that due to the high cost of service today it was necessary to increase the water rates, but they have recommended a rate increase which is less than that recommended by the consultant. It is estimated that the increase in revenue will amount to approximately \$170,000 yearly.

The Chair inquired if there was anybody else who desired to speak. There being no response the Chair declared that the hearing was concluded.

Adopted.

### ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

**Request Granted.**

**Approving Route of Proposed National Parkway Between San Francisco and Santa Cruz.**

Supervisor Blake stated that he had attended a meeting in Redwood City relative to the proposed National Parkway between San Francisco and Santa Cruz. Both Monterey and San Luis Obispo Counties requested that the Parkway be extended to include those counties.

Supervisor Blake further explained that the route of the Parkway was discussed but the one as recommended by the engineers was opposed by Mr. Turner, General Manager and Chief Engineer, Water Department, because it would cut across some of the Water Department land at Crystal Springs, and he proposed an alternate route which would not interfere with the water properties. This latter route was approved by all of the representatives from the various counties. As an outgrowth of the meeting it was suggested that each county adopt a resolution approving the route, and in accordance with that suggestion he had requested the City Attorney to prepare the legislation.

Mr. Blanchard, Deputy City Attorney, remarked that the representative of the City Attorney was handed a resolution prepared by San Mateo County recommending approval of the route which would go through the Water Department property, which was contrary

to the recommendation of the Public Utilities Commission and Mr. Turner, so, until that matter could be ironed out, the resolution could not be approved; also the resolution is a commitment; it is requesting that the Congress expend funds to make a survey and that each county will take any action necessary to complete the project. The counties will have to acquire all property required and turn it over to the Federal Government in fee simple, but there is nothing concrete with respect to apportionment of the costs.

Supervisor Blake requested that the legislation be prepared by the City Attorney prior to next Monday's meeting.

No objection and request *granted*.

From the Chinese Art Goods Dealers Association, transmitting petitions favoring approval of the project.

*Ordered* filed.

Supervisor Halley stated he believed that the project was financially feasible, and it was as sound as any of the projects which have been approved heretofore by the Board; also, the use of subsurface areas of squares and parks has rendered a great public service and has increased property value in the areas served. Supervisor Halley further stated that the one question in his mind was whether or not the integrity of Portsmouth Plaza as a park would be maintained and equal to its present usability or greater usability, and he was now convinced that the park in its completed form would be an improvement over what is now there.

Supervisor Ferdon remarked that the matter had been the subject of many meetings by the Finance Committee, and although there was a difference of opinion among the members none of them had a closed mind on the subject but each made his decision based upon the evidence which had been presented to the Committee.

Supervisor Ferdon, seconded by Supervisor Zirpoli, moved that the Board resolve itself into a Committee of the Whole for the purpose of considering the matter.

Supervisor Dobbs explained he was going to vote against the motion because he felt that the members of the Committee and the representatives of the departments concerned could adequately present the matter.

*Motion defeated* by the following vote:

Ayes: Supervisors Ertola, Ferdon, McMahon, Rolph, Zirpoli—5.

Noes: Supervisors Blake, Dobbs, Halley, J. Joseph Sullivan, James J. Sullivan—5.

Absent: Supervisor Casey—1.

Mr. Albert Schlesinger, Chairman of the Parking Authority, presented the historical background of the project, and told of the many meetings with the Corporation in an effort to arrive at a plan which would meet with the approval of all concerned, and that the program as finalized had received the approval of the Parking Authority, the Recreation and Park Commission, and the Art Commission. Mr. Schlesinger also pointed out that the monies expended on the preliminary plans were furnished by the Corporation and no City funds had been used.

Supervisor McMahon, in reply to suggestion by Supervisor Halley that Messrs. Gould and Baylis be permitted to explain the project, stated she believed that the presentation should be limited to representatives of city departments because the Board had refused to resolve itself into a Committee of the Whole.

The Chair ruled the point was well taken.

Supervisor Halley, seconded by Supervisor Rolph, indicated that he would change his previous "no" vote, and moved that the Board resolve itself into a Committee of the Whole for the purpose of considering the matter.

Motion *carried* by the following vote:

Ayes: Supervisors Ertola, Ferdon, Halley, McMahon, Rolph, Zirpoli—6.

Noes: Supervisors Blake, Dobbs, J. Joseph Sullivan, James J. Sullivan—4.

Absent: Supervisor Casey—1.

Mr. Vining Fisher, General Manager, Parking Authority, explained that Plan 16A Modified contained the final thinking on the project and the plans had been approved by the Parking Authority, the Recreation and Park Commission, and the Art Commission. The Plan contained two types of surface treatment designated Surface Treatment A and Surface Treatment B, the basic difference between them being that A is broken up into a series of smaller lawn areas, while B has larger areas running into one another, and that Plan B has the approval of the Recreation and Park Commission.

Mr. Raymond Kimbell, General Manager, Recreation and Park Department, remarked that the proposed surface treatment plan was referred to the Recreation and Park Commission and then referred to a special committee which worked with the staff, and it was the feeling that under Plan B the City was getting a better park than it now has.

Supervisor J. Joseph Sullivan stated that as he read the lease it was his understanding that the City of San Francisco Portsmouth Plaza Parking Corporation was to refinish the surface, and he desired to know whether the City retained jurisdiction over the surface area.

Mr. Jerry Cohen, Deputy City Attorney, advised that the Board has the authority to determine which surface treatment plan is to be used in the refinishing of the park.

Mr. Douglas Baylis, Landscape Architect, explained the rise of the grades on the Clay and Washington Streets sides of the park.

Mr. Clifford Geertz, City Engineer, stated that he did not believe there would be any traffic congestion on Kearny Street at any time during the day.

In response to inquiry by Supervisor McMahon, Mr. Geertz replied that his conclusions were based upon self-parking most of the time and attendant parking during the rest of the time, and even if there was only attendant parking there was sufficient space inside and outside the garage which could take care of any cars waiting to be parked.

The following citizens expressed their approval of the program:

Mr. Al Mailloux, representing the Building Trades Council;

Mr. Irving Rhine, Chairman of the Parking Committee of the Chamber of Commerce;

Mr. Thomas Gray, Manager, Down Town Association of San Francisco;

Mr. Paul H. Louis, President of the City of San Francisco Portsmouth Plaza Parking Corporation;

Mrs. George Harris, interested citizen;

Mr. H. K. Wong, Vice President of the City of San Francisco Portsmouth Plaza Parking Corporation.

Supervisor McMahon stated that while she believed there was a necessity for a parking facility in the area she was of the opinion that the proposed garage would be the most expensive garage in San Francisco and the parking rates would be comparatively high in order to make the garage feasible. Supervisor McMahon also remarked that the construction of the garage would result in the destruction of Portsmouth Square as it is now known, because the garage being a two-level structure would mean that the Square would be a two-level park, whereas now it was a sloping park. Supervisor McMahon also pointed out the fact that by adding another traffic lane on Kearny Street it would result in the park being cut back the same amount of space.

Supervisor McMahon continued that another objection was the fact there was only a single entrance and exit on a one-way street—Kearny Street, and she had received information from an engineering firm which is of the opinion that where parking is attendant parking there is greater congestion when the facility is on a one-way street.

Supervisor Ferdon explained that he did not believe this was in the best interest of San Francisco, and while he was not trying to stop the construction of a parking facility for the area, he believed the Board should go into all of the facets and come up with the best plan.

With respect to the financial aspect of the project Supervisor Ferdon stated it was his opinion that, although legally there would be no financial responsibility on the City and County, because of the high cost of the structure it was highly possible that the lessee might fail to perform in accordance with the terms of the lease and San Francisco would then be faced with a moral obligation to repay the bondholders. Also, he had been informed by the Controller that if the City were to provide for the construction of the parking facility by a general obligation bond issue the rate of interest would be much lower than securing the bonds by the revenue derived from the operation of the garage.

Supervisor Ferdon concluded by saying that one important feature which was not thoroughly investigated was the fact that if and when the Hall of Justice property is disposed of by the City and County, and a structure is constructed thereon, it will be necessary, under the provisions of the Comprehensive Zoning Ordinance, to provide adequate off-street parking.

The following citizens expressed their opposition to the proposal:

Mr. Augustin C. Keane, Attorney at Law;

Mr. Morse Erskine, 233 Chestnut Street;

Mr. Walter Gilliam, an interested citizen;

Mr. Lawrence Halgren, Architect;

Mrs. Florence Van Hoff, representing the Central Council of Civic Clubs;

Mrs. Bertha Rothwell, representing the Daughters of the American Revolution;

Mrs. Thomas R. Best, representing the Great Highway Club;

Mr. William Rampke, an interested citizen;

Mrs. Anna Mesquita, an interested citizen;

Mr. John Cressey, representing the Northern California Chapter, American Institute of Architects.

Supervisor J. Joseph Sullivan, seconded by Supervisor Zirpoli, moved that the Committee of the Whole rise and report.

*Motion carried by the following vote:*

Ayes: Supervisors Blake, Dobbs, Ertola, Ferdon, Halley, McMahon, Rolph, J. Joseph Sullivan, James J. Sullivan, Zirpoli—10.

Absent: Supervisor Casey—1.

Supervisor Zirpoli, in explaining his vote, remarked that he proposed to vote in favor of the resolution approving the agreement, and for that purpose would like to revert back to the fact that on October 5, 1959, the Board went on record as designating the area as a site for a public off-street parking facility. Assuming that is still the basic policy of the Board, he personally could see no alternative but to vote in favor of the resolution, but, on the other hand, if the Board should change its policy then he could understand in a greater measure much of the argument made before the Board.

Supervisor Zirpoli continued that originally he had expressed some concern with respect to the future development and contour of the park after the completion of the facility, and he had made the statement that the Board should retain jurisdiction of the landscaping and we were assured that we would retain jurisdiction; that he had also requested permission to see the plans and stated unless it was economically feasible he would not vote for the measure. He agrees that it is practically impossible to restore Portsmouth Square to what it was prior to the construction of the garage, and there will be a change in the contour, but it was his understanding that the contour had been changed many times in the past so that basically the park is not the same today as it was 100 years ago.

Supervisor Zirpoli further stated he must accept the statements of the experts that the project is feasible, and he personally could not conceive of any alternative plan which could better serve the Chinatown area. This is a project which can be completed within a year and a half while any other project would require procedures which would be too lengthy and might be too costly than the one we are now considering.

In view of the foregoing facts, and since the City will not have any financial liability, Supervisor Zirpoli reiterated that he was going to vote for the legislation.

*Adopted by the following vote:*

Ayes: Supervisors Blake, Dobbs, Ertola, Halley, Rolph, J. Joseph Sullivan, James J. Sullivan, Zirpoli—8.

Noes: Supervisors Ferdon, McMahon—2.

Absent: Supervisor Casey—1.

The Board resumed consideration of the calendar items in the order printed therein.

**Request Granted.****Inquiry as to Procedure of the Redevelopment Agency in the Letting of Bids for the Demolition of Buildings in the Western Addition Redevelopment Area.**

Supervisor Blake stated it had been called to his attention that the Redevelopment Agency is not awarding bids for the demolition of buildings in the Western Addition Redevelopment Area to the contractor who submits the low bid, and stated that in the situation of which he was informed, one contractor was low bidder on three contracts but he was awarded only two of them. While in the particular instance there was not too great a difference between the first and second low bidder, serious problems could arise where there was a wide spread between the two bids.

Supervisor Blake requested the Clerk direct a communication to the Redevelopment Agency, advising them that the matter had been called to his, Supervisor Blake's, attention, and request that the bid be not awarded to any other contractor than the low bidder, that an explanation be forthcoming as to why the low bidder was not awarded the contract, and information as to the procedure which was followed in the calling for and awarding of the bids.
